

An aerial photograph of a vast forest. In the lower-left quadrant, a small wooden cabin with a green roof sits on a clearing. The forest is composed of many tall, dark green evergreen trees. In the background, rolling hills and a distant town are visible under a cloudy sky. An orange banner is in the top right corner, and the STIHL logo is in the bottom left corner.

2023 POWER TOOLS & ACCESSORIES

STIHL

COMMITTED TO TRADITION

For us as a family business now in its third generation, long-range thinking is a tradition. It is the prerequisite for creating something substantial and valuable – in short: quality – and passing it on to the next generation. It is also fundamental in providing you, our customer, tangible improvements through innovation and technical leadership with every new development that targets superior performance and user-friendliness.

This tradition is at the heart of every single one of our products. Everything is designed so that a STIHL product can become an heirloom: the raw materials, the technical construction, the design, and the production. Another prerequisite, and one of paramount importance to us, is the long-term serviceability of our products. Through long-term spare parts reliability, we enable STIHL Dealers to restore our products to the top condition that you, our customer, require to master your tasks.

For us, this is “STIHL quality.” It is sustainability in the best sense. Because durable, repairable products conserve our resources in the best possible way. And this is becoming increasingly important – for you as a customer and for us as a company.

In this sense, quality, innovation and sustainability go hand in hand and have been a tradition of the Stihl family for nearly 100 years.

YOUR STIHL FAMILY

THE STIHL DEALER DIFFERENCE

SEE WHY HOMEOWNERS AND PROS CHOOSE STIHL.

STIHL products are sold through authorized local STIHL Dealers. Why? Because we require that dealers are knowledgeable about the STIHL products they sell. That way, they can help match you with the right tool for your job.

- You won't find that at the big box stores – and that's why you won't find STIHL there either.
- Visit your local STIHL Dealer for great prices on the most essential outdoor equipment.
- Order products online with STIHL Express and they'll be ready for you to pick up.
- With more than 10,000 authorized local STIHL Dealers nationwide, there's one conveniently located near you.

MADE IN AMERICA[°]

**THREE WORDS NOT
EVERYONE CAN SAY**

From our factory in Virginia Beach to thousands of dealers across the nation, many of our battery- and gas-powered tools are made and sold right here in America.

REAL STIHL Find yours at STIHLusa.com

[°]A majority of STIHL products sold in America are made in America of U.S. and foreign materials.

BATTERY POWER. MADE BY STIHL.

Projects. Tools. Peace of mind.

Whatever it is you are looking for as it relates to your outdoor space, STIHL can help you find it. Whether you love beautifying your landscape or you want to get the job done so you can enjoy time with family and friends, STIHL has a wide selection of tools to meet your needs and help you find yours.

DISCOVER WHAT YOU COULD CREATE

COMFORT & CONVENIENCE

The innovative AS Battery Hand Tool System combines capability, convenience and comfort. Perfect for precision gardening and landscaping tasks, these tools are designed to be versatile, compact, lightweight, and easy to use.

GRAB-AND-GO POWER

Ideally suited for quick tasks around smaller yards and condominiums, the AI Line of battery-powered tools gives users the easy, all-in-one convenience that they prefer when tackling small projects.

TAKE CHARGE OF YOUR YARD

As a homeowner, there is always another landscaping task or project just around the corner. The STIHL AK Homeowner System has a tool for just about everything your outdoor space can throw at you. From mowers and blowers to trimmers and chain saws, take on your yard with relentless power and clean, quiet performance.

PRO-LEVEL PERFORMANCE

Professional jobs demand tools that are built to withstand the work, day in and day out. The STIHL AP Professional System of battery-powered tools are designed to not only take on pro tasks, but to get them done with the performance pros expect.

ASIIII SYSTEM

ENDURING

Powering our versatile lineup of small, handheld tools, this system delivers performance without compromising run time.

PERFORMANCE IN YOUR PALM

AS 2

The AS 2 battery is designed to provide users with a lightweight power source that provides the comfort they want while also delivering the performance they demand. With its quick charge time and ability to handle up to 1,500 charge cycles, the AS 2 battery is a powerful addition to the STIHL AS Battery System.

NEW SEA 20

STIHL's first battery-powered handheld vacuum, the lightweight SEA 20 can take on a variety of cleanup tasks with its powerful suction and versatile cleaning attachments.

HSA 26

Whether it is precise trimming of ornamental plants or pruning and cutting small shrubs and grasses, the HSA 26 battery-powered garden shears put an unparalleled level of cutting precision in the palm of your hand.

GTA 26

The innovative and versatile GTA 26 battery-powered garden pruner features a 4" guide bar to prune small diameter branches and timber.

The STIHL Inc. "Caring for Nature" seal identifies its powered products and oils that are more environmentally conscious. For powered products, the seal signifies that they produce zero- or low-exhaust emissions. STIHL Inc. defines "low-exhaust emissions" as being cleaner than EPA and/or CARB exhaust emission standards. For oils, the seal means that the oils are biodegradable, degrading by 80 percent or more within 21 days.

BATTERY POWER. MADE BY STIHL.

CONVENIENT

Featuring an integrated battery, this line is ideally suited for quick tasks around smaller yards and condominiums.

STREAMLINE EFFICIENCY

The battery-powered tools that comprise the AI Line feature an integrated battery that plugs right into the wall, allowing users to unplug and get right to work.

FSA 45

The FSA 45 features an integrated battery and is a great choice for occasional use in small environments. This trimmer is lightweight and features an adjustable shaft and trimmer head. Plus, when fully charged, it has enough power to trim the same length as three football fields – that's up to 1,080 ft.*

HSA 45

The HSA 45 hedge trimmer is a great option for urban homeowners. It features an integrated battery and high cutting speeds of 2,500 strokes per minute. On a single charge, it can trim a hedge 20" wide and a length longer than a football field (360 ft.).* This hedge trimmer combines performance in a compact design.

BGA 45

The BGA 45 handheld blower delivers the power you need at an incredible value. It is exceptionally quiet, lightweight and features an integrated battery. On a single charge, the BGA 45 can clear more than 13 parking spaces (2,153 square ft.) with a blowing speed of 85 mph.*

*Usage claim tested and verified by an independent third-party test laboratory. Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

BATTERY POWER. MADE BY STIHL.

AK

SYSTEM

VALUE PACKED

Exceptional power meets exceptional value. This system is ideally suited for frequent use around suburban yards.

AK 10 BATTERY

AK 20 BATTERY

AK 30 BATTERY

NEW MSA 60 C-B

The MSA 60 C-B is your new go-to chain saw for storm cleanup or limb removal around your property. It is lightweight and features an interlock safety lever, low vibration and quick chain adjustment.

NEW MSA 70 C-B

The most powerful chain saw in the AK System now features a new interlock safety lever for added protection when starting. The MSA 70 C-B delivers excellent performance for up to 45 minutes of run time with the AK 30 battery.* This chain saw is a good option for suburban homeowners who perform yard work in noise-sensitive areas.

HLA 56

The HLA 56 is perfect for tackling occasional trimming and shaping of hard-to-reach hedges and shrubs. A high cutting speed of 2,800 strokes per minute allows for clean and efficient cutting, even when dealing with larger branches.

NEW HTA 50

The HTA 50 allows homeowners to prune hard-to-reach areas in their yard with confidence. Featuring a lightweight, extended-reach design, it can be comfortably operated with its 9.2' overall length - or nearly 11' when paired with an optional 19.5" shaft extension.

*Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

FSA 57

Ideal for suburban yards, the lightweight FSA 57 packages the convenience of battery in a value-priced set, with a run time of up to 25 minutes with the AK 10 battery or up to 50 minutes with the AK 20 battery.* Now comes standard with AutoCut® C 3-2.

FSA 60 R

With its lightweight design and exceptional performance, the FSA 60 R is the most powerful trimmer in the AK System. Optimally paired with the AK 20 battery, the FSA 60 R has a run time of up to 25 minutes*. Now comes standard with AutoCut® C 6-2.

NEW HSA 50

The HSA 50 battery hedge trimmer features double-sided, droplet-shaped cutters with diamond-ground blades for exceptional performance at an affordable price.

RMA 460

Part of the STIHL AK System, the RMA 460 features a 19" steel mowing deck and is highly maneuverable for quick and efficient grass cutting. This lawn mower features an adjustable handle bar, grass catcher and is compatible with the AK 30 battery. It is a great option for small to medium suburban yards.

HSA 56

Part of the AK System, the HSA 56 delivers a high cutting speed of 2,800 strokes per minute and a run time up to 50 minutes with the AK 10 battery.*

RMA 460 V

The RMA 460 V is the only self-propelled lawn mower in the AK System. This lawn mower provides a smooth and convenient operation that adjusts to conserve energy and optimize run time. With a 19" steel mowing deck and a 15.85-gallon grass bag, homeowners can enjoy a wide cutting path and the ability to minimize stops needed for emptying.

NEW HSA 60

The HSA 60 is the most powerful battery-powered hedge trimmer in the AK System. Delivers fast cutting speeds of 3,000 strokes per minute and features a rotating handle.

*Made in America of U.S. and foreign materials. Batteries and chargers sourced internationally.

*Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

BGA 57

The BGA 57 blower delivers powerful STIHL performance combined with great control and comfortable operation. A slim design and even weight distribution allow the blower to be held close to the user's body, keeping fatigue to a minimum while maximizing maneuverability.

NEW BGA 60

With a 65% increase in blowing power (as compared to the BGA 57) and a host of features - including a one-touch adjustable blower tube and boost mode - the BGA 60 gives homeowners a premium tool to get more done in less time. A brushless motor minimizes maintenance and keeps noise down, while a built-in hanging slot provides easy storage.

Product shown in blower mode.

SHA 56

The battery-powered SHA 56 shredder vac/ blower is the first of its kind in the AK System. This versatile 2-in-1 tool will help keep your yard free from leaves and debris year-round. With its lightweight padded shoulder strap and rotatable handle, you can work comfortably in either operating mode until the job is done right.

Product shown in shredder mode.

FSA 86 R

The FSA 86 R trimmer is capable of delivering strong, consistent performance that is perfect for homeowner and professional tasks.

FSA 90 R

A quiet trimmer, the FSA 90 R features the STIHL exclusive ECOSPEED throttle set wheel for variable-speed control, which can extend battery life. The trimmer's high cutting speed plus its 15" cutting width will help you trim more in less time.

FSA 135 R

The FSA 135 R trimmer delivers professional performance for a wide range of cutting applications, including trimming, cutting and weed clearing.

FSA 135

The FSA 135 battery-powered bike-handle trimmer is a true game changer for professional landscapers. Versatile for different cutting applications and with three performance settings to maximize productivity, its quiet operation and weather-resistant design provides flexibility and extended working hours.

**NEW
BGA 300**

The BGA 300 backpack blower is the most powerful battery blower in the STIHL lineup. It features a patented noise reduction system as well as long run times with little to no maintenance for efficient operation.

**BGA 86**

A lightweight, well-balanced design, combined with a powerful brushless motor, make the BGA 86 an excellent battery-powered blower for those who desire a professional-grade product.

**BGA 100**

The BGA 100 uses a battery belt or AR-style backpack battery, meaning a lighter blower and easy handling for the user. To deliver the optimal balance of power and run time, the BGA 100 features four performance levels through a variable-speed throttle trigger.

**BGA 200**

With nearly a 25% increase in blowing power (as compared to the BGA 100) and a range of features - including a one-touch adjustable blower tube and cruise control - the BGA 200 gives landscapers and large property owners power comparable to gas, and ease of use they need to tackle almost any job.

Tools do not have an onboard-style battery. Instead, they are equipped with a socket that connects a cable to a battery source.

*Made in America of U.S. and foreign materials. Batteries and chargers sourced internationally. The FSA 135 units are assembled in America.

BATTERY POWER. MADE BY STIHL.

FCA 135

The FCA 135 is a professional edger with a curved shaft offering quiet, high-powered performance on par with gas-powered equipment. With a lightweight design, high blade speed and variable-speed trigger, this edger offers maneuverability ideal for flower beds or well-maintained edges.

FCA 140

The straight-shaft, battery-powered STIHL FCA 140 edger provides trusted durability and professional-grade performance. With its high torque, variable-speed trigger and adjustable depth wheel, you are in control of the power you'll need to cut through packed soil or create completely new edges.

HSA 66

The HSA 66 features optimized blade geometry and diamond-ground blade edges for clean cuts, even through thick and tough shrubbery. The 20" blade length is an efficient working length for most applications and a tip protector helps protect blade tip from damage.

HSA 130 R

Designed with high torque, low blade speed and wide tooth spacing, the HSA 130 R is ideal for making powerful pruning cuts. It also has instant-start technology and features a variable-speed throttle trigger with three performance levels.

NEW HSA 100

The HSA 100 features a rotating handle for increased user ergonomics, optimized blade geometry and diamond-ground blades for clean cuts.

HSA 130 T

The HSA 130 T is perfect for professionals looking for lightweight, precision performance. With a commercial-grade, brushless electric motor, this energy-efficient hedge trimmer is quiet and delivers ideal speed and run times.

KMA 135 R

Designed for professionals, the powerful and versatile battery-powered KMA 135 R KombiMotor features over a dozen optional attachments that empower you and your crew to more easily and efficiently take on a wide range of landscaping tasks.

HLA 66

The HLA 66, with its 115° articulating head and 20" cutter bar, delivers professional grade performance with the convenience of battery power.

HLA 86

The HLA 86 can telescope an additional 27.6", bringing pros within reach of jobs that might otherwise be inaccessible. The -45° to +70° articulating head with 20" cutter bar delivers versatility with seven different positions, while the brushless motor and variable-speed trigger provide the power and control pros demand to get the job done right.

HLA 135 K (145°)

For professionals seeking optimal control and uncompromising performance in a battery-powered tool, the HLA 135 K (145°) extended reach hedge trimmer delivers with 12 cutting positions to maximize adaptability.

HLA 135 K (0°)

With a short shaft (designated by K) and 0° fixed blade for precision trimming, the HLA 135 K (0°) extended reach hedge trimmer gives pros the precision and performance they demand.

HLA 135 (145°)

For a combination of versatility and control, the extended shaft design of this pro-grade hedge trimmer with its articulating 145° cutting head gives users all they need in a durable design.

NEW MSA 160 C

The MSA 160 C starts instantly, and the commercial-grade high torque electric motor requires less maintenance, resulting in a longer motor life. The Quick Chain Adjuster allows you to adjust the chain tension without tools for added convenience.

NEW MSA 200 C

The lightweight and quiet MSA 200 C features a Quick Chain Adjuster that allows you to adjust the chain tension without tools for added convenience. This powerful battery chain saw is ideal for storm cleanup and firewood cutting.

MSA 161 T

The MSA 161 T is lightweight, quiet and delivers ideal speed, cutting capacity and run times. This top-handle battery chain saw also features instant start technology and is easy to use and maneuver, reducing user fatigue. The MSA 161 T is perfect for professional arborists looking for a low maintenance and high-performance chain saw.

For in-tree professional use only!

NEW MSA 220 C

One of the most powerful rear-handle battery-powered chain saws in the STIHL line, the MSA 220 C delivers the speed, cutting capacity and run time to take on just about any cutting task with ease.

Shown with optional
Light P04 guide bar

NEW MSA 220 TC-O

The STIHL MSA 220 TC-O is the most powerful top-handle chain saw in the STIHL battery-powered lineup. An LED display screen provides quick status updates to keep pros moving. Downtime is limited with its weather-resistant design, low maintenance, easy service, and replaceable parts. The MSA 220 TC-O provides the power and dependability pros trust from STIHL chain saws.

For in-tree professional use only!

NEW MSA 300 C-O

MSA 300 C-O is the most powerful battery-powered chain saw in the STIHL lineup. The advanced electronic operating system with oil sensor provides status updates for operators. Captive bar nuts and magnesium motor housing give this chain saw added durability.

HTA 66

The HTA 66 is a fixed-length pole pruner that features a robust branch hook, allowing easy removal of loose clippings from trees up to 12 ft. high, and the variable-speed trigger offers three performance settings for maximum efficiency and effectiveness.

HTA 135

The HTA 135 is an advanced battery-powered pole pruner that extends over 13 ft. and features a weather-resistant design, giving users commercial-grade power, durability and flexibility.

HTA 86

The HTA 86 pole pruner features a telescoping shaft that can extend up to 10.5 ft. This pole pruner offers professionals lightweight, balanced cutting throughout the job.

Shown with optional 9" diamond wheel.

TSA 230

The world's first cut-off machine powered by battery, the TSA 230 STIHL Cutquik® starts with ease. Its brushless, high-torque motor delivers solid cutting performance in a lightweight, compact package that can be used indoors or outdoors.

SGA 85

Built with the needs of the professional user in mind, the SGA 85 sprayer is the first battery-powered sprayer in the STIHL lineup. Featuring strong Viton® seals for durability and reliability, an easy to use diaphragm-style pump and a leak-resistant design, pros can count on the robust construction of the SGA 85 for the long haul.

RMA 510

The RMA 510 walk-behind push lawn mower features a 21" steel deck and features an adjustable handlebar, grass catcher and large rear wheels for riding over rough terrain.

RMA 510 V

The RMA 510 V is a self-propelled lawn mower that features a 21" steel deck. The mower's self-propelled function features a variable-speed setting control, allowing the user to choose a mowing speed between 0.6 mph to 2.8 mph. For added convenience and customization, the deck of the RMA 510 V is adjustable to seven different cutting heights. Plus, the handlebar adjusts to three height positions for user comfort.

ROBOTIC MOWERS BY STIHL.

**Finally, the automation
you've been waiting for.**

With the STIHL iMOW®, enjoy your lawn without doing any of the work! This smart mower with high-performance STIHL battery technology will quietly and efficiently mow your lawn for you and has automated and customizable features, such as intelligent hood sensor, flexible programming, automatic charging, and more.

EVERYTHING YOU NEED TO MANAGE YOUR iMOW®.

Compatible with Apple and Android devices, the STIHL iMOW® App puts complete control of robotic mowing at your fingertips.

Track from Anywhere*

The app allows users to easily track the location of their iMOW® robotic mower, which is especially beneficial for pros with multiple units.

Time is Everything

Whether it is setting flexible "Active Times" for your iMOW® or making adjustments on the fly, the STIHL iMOW® App makes mowing fit your schedule.

Manage Multiple Units

Another great benefit for professional users, the app is capable of true fleet management as it allows for an unlimited number of units.

*Location tracking not available when unit is in standby mode.

iMOW®

RMI 422 PC-L

FOR SMALL LAWNS UP TO .42 ACRE.

Perfect for small lawns, around pools and even yards with hilly terrain, this fast, maneuverable RMI 422 PC-L covers every last corner of your lawn. Its compact dimensions are well suited to easily navigate your yard.

RMI 632 PC-L

FOR LARGE YARDS UP TO 1.24 ACRES.

With a more powerful battery, the RMI 632 PC-L handles larger lawns with ease. Mows up to 150 minutes on a single charge and includes a removable control panel for easy access and programming without bending down to reach the controls.

The STIHL iMOW® App puts complete control of robotic mowing at your fingertips.

EASY APP MANAGEMENT

ADDITIONAL iMOW® ADVANTAGES

MORE INTELLIGENCE — A MOWER THAT THINKS

iMOW® has a mowing plan tailored to your yard. It's fast and easy to use for a great looking lawn.

MOWS EVENLY ACROSS ALL AREAS

iMOW® can be programmed to mow a variety of yard layouts (like a front or back yard).

A BEAUTIFUL LAWN IN EVERY WAY

iMOW® has an edge mowing option to get a clean cut along the edges of your mowing area.

MAXIMUM FLEXIBILITY DURING CHARGING AND MOWING

To cover a large area in a short time, iMOW® can recharge faster and adjust its speed to suit the mowing conditions.

QUIET

iMOW® mows so quietly, your neighbors will hardly notice it's there. Plus, iMOW® emits no exhaust emissions while working.

ALLERGY RELIEF

iMOW® doesn't kick up dust and dirt like a traditional mower, providing relief for people with allergies.

iMOW® WORKING RANGES (AREA AND TIME)

RMI 422 PC-L

RMI 632 PC-L

MAX AREA

.42 acre

1.24 acres

WEEKLY MOWING TIME

28 hours

50 hours

Note: Specifications are under ideal conditions, based on the specific maximum lawn area.

ONE SYSTEM - MANY ADVANTAGES

SAVE TIME

MAINTAIN OVERSIGHT

Always have an overview of your power tool fleet

AUTOMATICALLY RECEIVE POWER TOOL DATA

No more need to scan or manually make notes

TRACK POWER TOOL LOCATIONS

Helps track tools within Bluetooth® range

PUT YOUR MIND AT EASE

REDUCE DOWNTIME

Complete clarity about the condition of your power tools

NOTHING IMPORTANT IS FORGOTTEN

Remember key events such as safety checks

OPTIMIZED INFORMATION

Digital notes enhance transparency

SAVE MONEY

KEEP TRACK OF YOUR POWER TOOLS

No more power tools left behind at the place of use

OPTIMIZE YOUR FLEET SIZE

Get the facts about power tool utilization

ALL INFORMATION ALWAYS ON HAND

Move away from inefficient paper systems

SYSTEM COMPONENTS AND CONNECTIVITY

CONNECTED PRODUCTS

Connectivity for your products is the concept behind STIHL connected. Your products are connected using STIHL Smart Connector or the connectivity function already integrated into select STIHL batteries.

STIHL connected App

The STIHL connected App is the easy way to maintain a full overview of your power tool fleet when you're on the move, as it transmits the data on your connected products to the STIHL Cloud. Available for iOS and Android.

STIHL connected Hub

As an alternative to the STIHL connected App, you can also capture data using the STIHL connected Hub. Installed in a central location, it forwards data about your connected products once they are within range.

STIHL connected Portal

Machine data saved in the STIHL Cloud is then available in the STIHL connected Portal for analysis and use.

She has been featured on several DIY Network programs, and is the author of "Big Impact Landscaping: 28 DIY Projects You Can Do on a Budget to Beautify and Add Value to Your Home."

PROJECT: SALSA GARDEN PLANTER BOX

WITH SARA BENDRICK

Licensed landscape contractor and Team STIHL member Sara Bendrick takes you through all the steps to help you build a planter box that can also serve as a one-stop shop for a delicious side dish.

35

SUPPLIES NEEDED

- STIHL MM 56 C-E YARD BOSS®
- STIHL BT 45 Wood Boring Drill
- STIHL Chain Saw
- Shovel
- Power Drill
- Rubber Mallet
- Mini Sledgehammer
- Protective Apparel

Find good spot for veggie garden (6-8 hours of sun minimum). Measure and mark off the area the planter box will sit.

Using a shovel, remove the top layer of grass.

Once grass is removed, use the STIHL YARD BOSS® to loosen up the dirt so 3-4" of dirt can be removed to establish a level area for your planter box.

Pour gravel around the perimeter of where the box will be built. Lay out planter beds according to design.

Cut timbers to size with MSA 70 C-B overlapping edge, roughly lay out.

Drill hole using BT 45 Wood Boring Drill (1/2" bit) to drill through overlapping pieces. (2-3 pieces)

Use a mini sledgehammer and rebar to lock lumber into place. If needed, line planter with landscape fabric and staple on (only if large gaps between wood pieces).

Fill with garden soil. You can mix native soil with amendments and worm castings/composting for a great start. Plant salsa garden plants.

**STIHL**

HIGH-QUALITY SAW CHAIN

Featuring specially engineered grooves, STIHL OILOMATIC® saw chain is designed to channel oil to critical wear areas, extending the life of the chain.

STIHL Quickstop® CHAIN BRAKE SYSTEM

The chain brake system is designed to stop the chain in a fraction of a second. It can be activated manually or automatically by inertia if kickback force is sufficient.

HIGH-QUALITY GUIDE BARS

All STIHL guide bars feature induction heat-treated edges, allowing for high wear resistance that leads to a more durable bar.

QUICK CHAIN ADJUSTER (B)

Available on select models, this toolless chain adjuster makes it fast and simple for users to perform necessary chain adjustments.

BUMPER SPIKES

Designed to help prevent pull-in and provide better control, STIHL saws feature bumper spikes that help make cutting easier.

REAL STIHL. FIND YOURS.

CHAIN SAWS

PERSONAL PROTECTIVE EQUIPMENT

From helmet systems and hearing protection to chaps, gloves and more, STIHL has the gear you need to help keep you protected.

HIGH-TECH POLYMER HOUSING

Lightweight, built to withstand impact and corrosion resistant, the construction of our chain saw housing is a testament to STIHL durability.

ANTI-VIBRATION SYSTEM

Jobs that require a chain saw can be demanding on the body, which is why we incorporate an anti-vibration system on most gas-powered chain saws to help reduce operator fatigue.

TRANSLUCENT FUEL TANK

Easily check fuel levels on gas models with the translucent fuel tank.

TAKE ON TOUGH

Whether you're a homeowner who needs a chain saw to take on jobs around the house or a pro who demands the most from their equipment, it only makes sense to turn to the company who built their reputation revolutionizing them. With a range of features across a wide selection of saws available in gas, battery and electric power, it's easy to find the right tool for you.

FALLEN LIMBS, PRUNING & LIGHTER CUTTING

If you're looking to choose a chain saw for work around your home, STIHL has you covered.

Legendary performance in an easy-to-use package, and built for all your fallen limbs, pruning and lighter cutting tasks.

NEW MSA 60 C-B

The AK System MSA 60 C-B is the go-to chain saw for storm cleanup or limb removal around the suburban yard.

NEW MSA 70 C-B

The most powerful chain saw in the AK System, the MSA 70 C-B delivers excellent cutting performance for up to 45 minutes of run time with the AK 30 battery.*

MSE 141

The MSE 141 is our lightest, most affordable corded-electric chain saw with excellent cutting performance for occasional users.

MS 170

Compact, lightweight and with just the right amount of power, the MS 170 is ideal for trimming or cutting small trees, fallen limbs and other tasks around the yard.

*Made in America of U.S. and foreign materials.

Note: STIHL recommends the use of green-labeled bars and saw chains. Refer to saw chain selection guide on page 70.

*Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

For full specification information for all STIHL chain saws, please refer to page 52.

MSE 170 C-B

The durable MSE 170 C-B features a coast-down brake and delivers all the power needed for tasks around the yard.

MS 180 C-BE

"Absolutely easy to start. Cuts excellent. Wonderful product."

★★★★★ - Mollie

Check out this review and others on the product pages at [STIHLusa.com](https://www.stihlusa.com).

MS 171

The lightweight and fuel-efficient MS 171 features reduced-emission engine technology, perfect for homeowners seeking a chain saw for pruning and lighter cutting.

MS 180 C-BE

The MS 180 C-BE features the same power and performance as the MS 180 along with the STIHL Easy2Start™ system for almost effortless starting.

MS 180

The light-duty MS 180 provides consistent performance in the field, making quick work of trimming branches and cutting small trees.

MS 181 C-BE

The lightweight and easy-to-use MS 181 C-BE features the STIHL Easy2Start™ system for almost effortless starting, great for woodcutting chores around the home.

STORM CLEANUP & FIREWOOD CUTTING

No matter where there's work to be done, the proven dependability of a STIHL is on the job.

We offer a variety of high-performance chain saws engineered for service, day in and day out.

MS 151 C-E

Designed for homeowner use, and weighing only 6.1 lbs., the MS 151 C-E boasts an excellent power-to-weight ratio in a compact design.

NEW

MSA 160 C

Powered by a STIHL lithium-ion battery, the MSA 160 C workhorse starts instantly, delivering 36 volts of power from its commercial-grade, high-torque brushless motor.

MS 194 C-E

The MS 194 C-E features a powerful STIHL engine in a lightweight package, providing the power to get the job done with minimal user fatigue.

NEW

MSA 200 C

Part of the AP System, the lightweight and quiet MSA 200 C delivers the cutting power of gasoline with up to 45 minutes of run time with the AP 300 battery.*

*Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

MSE 210 C-B

“The performance is way ahead of any other electric chainsaw I have used. Built to last, and let you do the job safe, yet fast.”

★★★★★ - Green1

Check out this review and others on the product pages at STIHLusa.com.

MS 201 C-EM

The MS 201 C-EM delivers power and smart technology with the STIHL M-Tronic™ intelligent engine management system and STIHL Easy2Start™ system for almost effortless starting.

MSE 210 C-B

The high-performance MSE 210 C-B corded-electric chain saw delivers the power needed for projects, such as woodworking and firewood cutting, without fuel costs and engine maintenance.

TIP

WINTER STORAGE

STIHL recommends storing your gasoline-powered chain saws with STIHL MotoMix® Premixed Fuel, a stable, ethanol-free, high-performance fuel that's ideal for occasional use over the long winter months. Also never leave your tools outside and exposed to the weather, especially in the winter.

*Made in America of U.S. and foreign materials.

For full specification information for all STIHL chain saws, please refer to page 52.

Note: STIHL recommends the use of green-labeled bars and saw chains. Refer to saw chain selection guide on page 70.

MS 211

The MS 211 uses advanced technology in the form of a powerful reduced-emission, fuel-efficient engine and reduces engine maintenance with a professionally inspired pre-separation air filtration system.

MS 211 C-BE

The MS 211 C-BE takes all the reduced-emission and air filtration technology of the MS 211 and adds the STIHL Easy2Start™ system for fast and easy starts and our toolless Quick Chain Adjuster.

NEW MSA 220 C

The most powerful rear-handle battery-powered chain saw in the STIHL line, the MSA 220 C delivers the speed, cutting capacity and run time to take on just about any cutting task with ease.

MS 250

A longstanding customer favorite, the MS 250 features an exceptional power-to-weight ratio to cut through small limbs and trees and tackle clearing or cleanup tasks.

MS 251 WOOD BOSS®

The MS 251 WOOD BOSS® is designed to deliver all the power with a comfortable and ergonomic design, perfect for felling small trees, pruning and thinning, and cutting firewood simply and efficiently.

MS 251 C-BE

The MS 251 C-BE features all the comfort and ease of the MS 251, plus the STIHL Easy2Start™ system, perfect for felling small trees, pruning and thinning, and cutting firewood.

°Made in America of U.S. and foreign materials..

For full specification information for all STIHL chain saws, please refer to page 52.

Note: STIHL recommends the use of green-labeled bars and saw chains. Refer to saw chain selection guide on page 70.

WIDE OPEN SPACES

STIHL has outdoor power equipment
Made in America[®] to help you redefine
and rediscover your wide open spaces.

REAL STIHL. FIND YOURS.

LARGER WOODCUTTING JOBS & FIREWOOD BUSINESS

When it comes to logging, land clearing, tree service, and big firewood-cutting jobs, professionals trust the unique features that make STIHL the number one selling brand of gasoline-powered handheld outdoor power equipment in America.*

MSE 250

The MSE 250 offers professional-grade cutting power – ideal for experienced professionals including builders and contractors – because it's strong enough to handle tough cutting jobs and firewood cutting.

MS 261

Designed for large-volume cutting, the MS 261 offers an optimized power-to-weight ratio, low emissions, high fuel efficiency, and professional-grade performance.

MS 261 C-M

The MS 261 C-M has all the same great features as the MS 261 – low exhaust emissions, high fuel efficiency and robust performance – but also features STIHL M-Tronic™ intelligent engine management technology.

MS 271 FARM BOSS®

A true powerhouse, the MS 271 FARM BOSS® takes charge when it comes time for felling, cutting firewood or storm cleanup, tackling cutting jobs with a fuel-efficient engine.

*Made in America of U.S. and foreign materials.

The MS 261 units are assembled in America.

Note: STIHL recommends the use of green-labeled bars and saw chains. Refer to saw chain selection guide on page 70.

MS 291

The high-performance, fuel-efficient MS 291 chain saw features an advanced anti-vibration system to reduce operator fatigue – great for felling, firewood cutting and storm cleanup.

MS 311

The MS 311 is a high-tech workhorse with a step up in horsepower and features over the MS 291, including improved engine technology and fuel economy for longer run time.

NEW MSA 300 C-O

The MSA 300 C-O is the most powerful battery-powered chain saw in the STIHL lineup. The advanced electronic operating system with oil sensor provides status updates for operators.

MS 362

The MS 362 is a no-fuss, hardworking chain saw that mixes great power with fuel efficiency, ideal for any professional tree or forestry personnel.

MS 362 R wrap-handle version available.

*"Number one selling brand" is based on syndicated Irwin Broh Research as well as independent consumer research of 2009-2021 U.S. sales and market share data for the gasoline-powered handheld outdoor power equipment category combined sales to consumers and commercial landscapers. For full specification information for all STIHL chain saws, please refer to page 54.

MS 362 C-M

The MS 362 C-M features the same great power, weight and fuel efficiency as the MS 362, but also features the exclusive STIHL M-Tronic™ intelligent engine management technology. MS 362 R C-M wrap-handle version available.

MS 400 C-M

The STIHL MS 400 C-M is the world's first chain saw with a piston made of magnesium, which gives users added power and performance without the added weight in a modern design. MS 400 C-M shown with optional lightweight guide bar.

MS 391

Featuring engine technology that provides great fuel efficiency while reducing emissions, the MS 391 is more powerful than the MS 311 and is cut out for the big jobs in the field, farm and ranch.

MS 462

Lightweight, professional chain saw featuring a flush-cut handle design and a standard adjustable carburetor.

MS 462 R wrap-handle version available.
MS 462 shown with optional lightweight guide bar.

MS 462 C-M

The MS 462 C-M is a lightweight, powerful chain saw fit for any forest, offering performance at the highest capacity with STIHL M-Tronic™ engine management technology.

MS 462 R C-M wrap-handle version available.

MS 661 MAGNUM®

Designed for professionals, the MS 661 MAGNUM® chain saw makes taking down trees a breeze by delivering power, operator comfort, rugged dependability, and reliable performance.

MS 661 R MAGNUM® wrap-handle version available.

MS 661 shown with optional lightweight guide bar.

MS 500i

The first chain saw in the world with electronically controlled fuel injection technology, the MS 500i provides unmatched power and performance.

MS 500i R wrap-handle version available.

MS 500i shown with optional lightweight guide bar.

MS 661 C-M MAGNUM®

When professionals need to fell large trees in large quantities, they reach for the MS 661 C-M, which features an impressive power-to-weight ratio and STIHL M-Tronic™ engine management technology.

MS 661 R C-M wrap-handle version available.

MS 661 C-M shown with optional lightweight guide bar.

MS 881 MAGNUM®

For professionals who demand the utmost performance for the toughest jobs, there is no substitute for the most powerful production chain saw currently on the market.

MS 881 R MAGNUM® wrap-handle version available.

MS 881 MAGNUM®

“This is the greatest chain saw on earth. We love it. It is the biggest and baddest chain saw on the planet.”

★★★★★ - Dan the Man218

Check out this review and others on the product pages at STIHLusa.com.

For full specification information for all STIHL chain saws, please refer to page 54.
Note: STIHL recommends the use of green-labeled bars and saw chains.
 Refer to saw chain selection guide on page 70.

PROFESSIONAL ARBORISTS

Made for professionals, by professionals. STIHL professional in-tree chain saws are compact, maneuverable and feature a top handle.

NEW

MSA 220 TC-O

The STIHL MSA 220 TC-O is the most powerful top-handle chain saw in the STIHL battery-powered lineup boasting power and performance similar to professional gas top-handle chainsaws.

Shown with optional Light P04 guide bar.

For in-tree professional use only!

MS 151 T C-E

The MS 151 T C-E is lightweight, compact and designed for maximum maneuverability for in-tree cutting.

For in-tree professional use only!

MSA 161 T

Powered by a STIHL lithium-ion battery, the MSA 161 T is lightweight and compact, making it easy to use and maneuver in trees, reducing operator fatigue.

For in-tree professional use only!

MS 194 T

The MS 194 T is designed to be compact and agile for tree maintenance and pruning tasks.

For in-tree professional use only!

MS 201 T C-M

The MS 201 T C-M is the ultimate chain saw designed for professional arborists for in-tree use and the only STIHL top-handle saw equipped with STIHL M-Tronic™ technology.

For in-tree professional use only!

SPECIALTY RESCUE CHAIN SAW

MS 462 R C-M RESCUE

For fire/rescue service only!

The ultimate rescue saw designed exclusively for emergency personnel. The MS 462 R C-M RESCUE features the remarkable OILOMATIC® STIHL RAPID™ Duro Rescue Chain (RDR) capable of cutting through glass, sheet metal, roofing, and wood.

Shown with optional depth limiter.

MS 462 R C-M RESCUE OPTIONAL DEPTH LIMITER

An optional depth limiter allows for rapid depth-controlled cutting for the toughest of applications, such as roof venting and technical entry, while a muffler guard plate limits the amount of debris on the muffler.

*Made in America of U.S. and foreign materials.

For full specification information for all STIHL chain saws, please refer to page 54.

Note: STIHL recommends the use of green-labeled bars and saw chains. Refer to saw chain selection guide on page 70.

GARDEN & POLE PRUNERS

Smooth, precise cutting that makes quick work of branches.

GTA 26

The innovative and versatile GTA 26 battery-powered garden pruner features a 4" guide bar to prune small diameter branches and timber.

GTA 26 HOLSTER

The GTA 26 holster connects to a user's belt and leg and features a strengthened back panel for increased durability.

GTA 26

"Every time I use it, I seem to find more jobs to use it for. It makes short work of many tasks."

★★★★★ - Banshee

Check out this review and others on the product pages at STIHLusa.com.

NEW HTA 50

The first pole pruner in the AK System is ideally suited for occasional pruning of hard-to-reach areas and use in noise-sensitive environments.

HT 56 C-E

The fuel-efficient HT 56 C-E pole pruner features a lightweight gearbox that enhances maneuverability and user comfort and STIHL Easy2Start™ technology provides almost effortless starts.

HTA 66

The HTA 66 fixed-length pole pruner gives users a host of performance features with the clean and quiet operation offered from Battery Power. Made by STIHL.

HTA 86

With the same telescoping outer shaft as the professional gas-powered HT 135, the HTA 86 pole pruner gives users the benefits of quiet, clean battery power in a durable, proven tool design.

HT 105

Designed for easy handling, the HT 105 pole pruner offers users a telescopic design that provides reach while still maintaining rigidity and control.

°Made in America of U.S. and foreign materials.

For full specification information for all STIHL pole pruners, please refer to page 59.

**HT 131**

The telescoping HT 131 pole pruner can reach up to 11' 6" and comes standard with 3/8" STIHL PICCO™ Micro™ Mini 3 (PMM3) saw chain.

**HT 134**

With its durable metal gearbox construction, the fixed-length HT 134 gives users excellent maneuverability and reduces user fatigue when compared to previous models.

**HT 135**

The HT 135 pole pruner offers a telescoping shaft and a powerful, low-emission engine to give users the reach and performance needed for challenging cutting jobs.

**HTA 135**

The battery-powered HTA 135 telescoping pole pruner is designed for professional use and features a robust design.

**HT 250**

The 7' fixed-length HT 250 pole pruner is equipped with a high displacement engine, providing the power needed for tough forestry or arboriculture pruning applications.

REACH NEW HEIGHTS

OILOMATIC® SAW CHAINS

High-quality saw chains ready to work.

MICRO™ SAW CHAIN

STIHL PICCO™ Micro™ MINI 3 CHAIN (PMM3)

The PMM3 is a unique saw chain with low vibration, designed for corded-electric, battery- and gasoline-powered chain saws or pole pruners with less than 1.5 kW (2.0 bhp) of power output.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.043"					3610

Low-Kickback Chain

CUTTING ATTACHMENTS IN DETAIL

FINDING THE RIGHT SAW CHAIN FOR YOU

To find the right saw chain for your intended purpose, and to ensure that the chain saw, bar and chain fit together, you need some information. The service field on the bar will provide you with the following four values:

01 BAR LENGTH

Choose the right bar length depending on your intended use.

02 CHAIN PITCH

The chain pitch specifies the determined distance between the rivets. The pitches of the chain, bar and chain saw must be coordinated with one another.

03 NUMBER OF DRIVE LINKS

The number of drive links determines the length of the chain. Only the drive links are counted here. The blade teeth are not included.

04 GROOVE WIDTH / DRIVE LINK THICKNESS

The chain is guided around the bar by means of the drive links. The groove width of the guide bar must match the drive link of thickness.

You can use the available information to determine the 11-digit order number for your preferred saw chain:

A 4-DIGIT PART ORDER NUMBER

Depending on the chain type, chain pitch and groove width/drive length thickness. These can be found on page 70.

B + 005

C + 00 + required number of drive links. The number of drive links required depends on the bar length and can be found on the bar on page 70. The number of drive links determines the length of the chain. If the number of drive links goes into triple digits, the second zero should not be used. This results in an 11-digit order number.

3670 005 0056

A | B | C

Please note that not all products are equipped with the features presented here. Only the most important features are described on this page. For further explanations and information, see STIHLusa.com.

Select the right chain type for your intended use. The chain type is determined by the shape of the blade tooth. The following chain types are available:

MICRO

SUPER

OILOMATIC

DURO

STIHL PICCO™ Micro™ 3 CHAIN (PM3)

The PM3 chain replaces the 3/8" PM1. It cuts faster and smoother and has a lower kickback tendency than the 3/8" PM1.

	.325"	3/8"	.404"	3/8" PICCO™ 1/4" PICCO™	
0.043"					3670
0.050"				3636	

● Low-Kickback Chain

STIHL PICCO™ Micro™ CHAIN (PM)

The PM is a low vibration version of the original STIHL PM saw chain. This chain retains all of the performance of the previous PM, with the added benefit of lower vibration levels for less operator fatigue.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"					3613

◆ WARNING: See information below.

STIHL RAPID™ Micro™ CHAIN (RM)

The RM is a low-vibration saw chain, which helps reduce operator fatigue due to the lower vibration levels.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"	3660	3693	3650		
0.058"		3685	3651		
0.063"		3686	3652	3668	

◆ WARNING: See information below.

STIHL RAPID™ Micro™ 3 CHAIN (RM3)

The RM3 is the reduced-kickback tendency version of the RM. It retains similar performance features of the RM saw chain.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"		3695	3662		
0.058"		3688			
0.063"		3689	3664		

● Low-Kickback Chain

● This symbol indicates that the chain is a low-kickback chain. STIHL recommends the use of a green-labeled, low-kickback chain. For more information on saw chain selection and identification, please see chart on page 70.

◆ WARNING: This symbol indicates that the product has increased risk of kickback injury and is for use only by persons with extraordinary cutting needs, and experience and specialized training for dealing with kickback.

STIHL recommends green-labeled low-kickback chains for all users.

STIHL RAPID™ Micro™ FULL SKIP CHAIN (RMF)

The RMF is the skip pattern version of the RM. There are two tie straps between every two cutting teeth, allowing better chip discharge and higher chain speed.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3654		
0.063"				3671	

◆ WARNING: See information below.

SUPER SAW CHAIN

STIHL PICCO™ SUPER CHAIN (PS)

The PS has improved cutting and boring efficiency plus reduced vibration as compared to the PM saw chain.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"					3617

◆ WARNING: See information below.

STIHL PICCO™ SUPER 3 CHAIN (PS3)

The PS3 is a low-kickback and low-vibration saw chain with improved cutting and boring efficiency, less feed force and 15% longer cutting life as compared to the PM3.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
NEW! 0.043"					3699
0.050"					3616

● Low-Kickback Chain

STIHL RAPID™ SUPER CHAIN (RS)

The RS is a reduced-vibration saw chain. A cutter and tie strap reduce vibration levels significantly, while still utilizing the aggressive full-chisel cutter design.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"		3690	3623		
0.058"		3638	3622		
0.063"		3639	3621		

◆ WARNING: See information below.

HOW TO READ THIS CHART

STIHL saw chain is available in a variety of pitches and gauges. Use the charts to identify the correct chain part number of the chain.

	PITCH	PITCH
GAUGE	PART #	PART #

STIHL RAPID™ SUPER 3 CHAIN (RS3)

RS3 is an aggressive full-chisel chain but has a single-humped drive link to reduce kickback tendency, and the new cutter and tie strap design reduces vibration levels when cutting.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"		3694	3624		
0.063"			3626		

● Low-Kickback Chain

STIHL RAPID™ SUPER FULL SKIP CHAIN (RSF)

The RSF is the skip pattern version of the RS. There are two tie straps between every two cutting teeth, allowing better chip discharge and higher chain speed.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3676		
0.063"					

◆ WARNING: See information below.

STIHL RAPID™ SUPER L FULL SKIP CHAIN (RSLF)

The RSLF is the skip pattern, square-ground chisel version of the RS. There are two tie straps between every two cutting teeth, allowing better chip discharge and higher chain speed.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3672		
0.063"			3673	3851	

◆ WARNING: See information below.

STIHL RAPID™ SUPER KLASSIC CHAIN (RSK)

The RSK has a special cutter geometry providing excellent control characteristics and very good chip flow, which helps enhance cutting efficiency.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3874		
0.063"					

◆ WARNING: See information below.

● This symbol indicates that the chain is a low-kickback chain. STIHL recommends the use of a green-labeled, low-kickback chain. For more information on saw chain selection and identification, please see chart on page 70.

◆ WARNING: This symbol indicates that the product has increased risk of kickback injury and is for use only by persons with extraordinary cutting needs, and experience and specialized training for dealing with kickback.

STIHL recommends green-labeled low-kickback chains for all users.

STIHL RAPID™ SUPER L KLASSIC CHAIN (RSL)

The RSL is a variation of the RSL full chisel chain for special professional applications. The cutter on this chain is square ground and has an "L" shape. Use special square ground files to sharpen this chain.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3679		
0.063"			3680		

◆ WARNING: See information below.

STIHL RAPID™ SUPER L HALF SKIP KLASSIC CHAIN (RSLH)

The RSLH is the semi-skip pattern version of the RSL. The RSLH alternates cutter spacing to create a chain with cutting characteristics and maintenance frequency between full skip (RSLF) and regular pattern (RSL).

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3674		
0.063"			3675		

◆ WARNING: See information below.

HEXA SAW CHAIN

STIHL RAPID™ HEXA CHAIN (RH)

STIHL RAPID™ HEXA (RH) saw chain features a brand new high-performance full-chisel cutter design that cuts up to 10% faster, stays sharper for longer, and is easier and faster to sharpen with a hand file*. This saw chain features an exclusive, patented, STIHL cutter design. This saw chain requires a 6-sided, hexagon-shaped HEXA file or HEXA-shaped grinding wheel for the STIHL USG. Both are designed specifically to maintain the high-performance HEXA cutter shape.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3133		
0.063"			3132		

◆ WARNING: See information below.

STIHL RAPID™ HEXA CHAIN (RH3)

STIHL RAPID™ HEXA (RH3) is the reduced-kickback tendency version of the RH saw chain.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3135		
0.063"			3134		

● Low-Kickback Chain

*When compared to STIHL RAPID™ Super (RS) saw chain

STIHL RAPID™ HEXA FULL SKIP CHAIN (RHF)

RHF is the full skip pattern version of RH. There are two tie straps between every two cutting teeth, allowing for better chip discharge and higher chain speed.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3137		
0.063"			3136		

WARNING: See information on page 64.

DURO SAW CHAIN

STIHL RAPID™ DURO 3 CHAIN (RD3)

The RD3 is the first carbide-tipped .325" saw chain that stays sharp up to four times longer than standard chains. It is also a low-vibration chain with a reduced kickback tendency.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"		3696	3681		3612
0.063"		3667	3683		

Low-Kickback Chain

STIHL PICCO™ DURO 3 CHAIN (PD3)

The PD3 is specifically designed for longer cutting-edge life, resulting in less frequent sharpening and is especially suited for cutting dirty wood, treated wood, roots and hardwoods. This chain must be sharpened with a formed diamond grinding wheel.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"					3612

Low-Kickback Chain

SPECIAL APPLICATION SAW CHAIN

STIHL RAPID™ Micro™ RIPPING CHAIN (RMX)

RMX ripping saw chain is primarily for professional use in conjunction with small sawmills. This semi-chisel toothed saw chain is characterized by a low vibration level, high performance, smoother work surface after the cut, and 10-degree filing angle.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"			3691		
0.063"			3653	3838	

WARNING: See information on page 64.

STIHL RAPID™ DURO RESCUE CHAIN (RDR)

The RDR is purpose-built for the demanding needs of fire and rescue specialists and is for use by specially trained emergency services personnel only.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.063"			3944		

WARNING: See information on page 64.

STIHL RAPID™ Micro™ SPECIAL (RMS) CARVING CHAIN

The RMS has a special cutter shape that reduces cutting friction to a minimum, ensuring fast cutting speed with good efficiency in many types of wood.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.050"	3661				

WARNING: See information on page 64.

STIHL RAPID™ Micro™ HARVESTER CHAIN (RMH)

The RMH is a specially designed and reinforced version of the .404" pitch saw chain and is designed to withstand the stresses of mechanized tree harvesting. RMH is designed for use on hydraulic harvester heads only.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.080"				3996	

WARNING: See information on page 64.

STIHL RAPID™ Micro™ HARVESTER SPECIAL CHAIN (RMHS)

The RMHS is a significantly reinforced version of the RMH. This chain is designed to last longer than competing saw chains and to minimize expensive harvester downtime. RMHS is designed for use on hydraulic harvester heads only.

	1/4"	.325"	3/8"	.404"	3/8" PICCO™
0.080"				3620	

WARNING: See information on page 64.

HOW TO READ THIS CHART

STIHL saw chain is available in a variety of pitches and gauges. Use the charts to identify the correct chain part number of the chain.

	PITCH	PITCH
GAUGE	PART #	PART #

GUIDE BARS

High-quality guide bars for your chain saw.

STIHL ROLLOMATIC® E MINI

TRANSITIONING TO ▼

STIHL LIGHT 01

Three-piece welded guide bar for use with chain saws and pole pruners using the 1/4" STIHL PICCO™ and 3/8" STIHL PICCO™ saw chain, a single rivet (01) in the nose.

STIHL ROLLOMATIC® E STANDARD

TRANSITIONING TO ▼

STIHL LIGHT 04

The standard version of the STIHL guide bar consists of three electrically welded metal plates (laminated guide bars), four-rivet (04) sprocket nose.

NOTE: The actual listed guide bar length can vary from the effective cutting length based on which chain saw it is installed on.

STIHL ROLLOMATIC® E MINI LIGHT

TRANSITIONING TO ▼

STIHL LIGHT P01

A lightweight guide bar with one rivet (01) in the sprocket nose consisting of three electrically welded plates, a fiber-reinforced polymer core (P).

STIHL ROLLOMATIC® E LIGHT

TRANSITIONING TO ▼

STIHL LIGHT P04

A lightweight guide bar with four rivets (04) in the sprocket nose consisting of three electrically welded plates, a fiber-reinforced polymer core (P).

STIHL LIGHT 06

The standard version of the STIHL lightweight guide bar consists of three electrically welded metal plates (laminated guide bars), six-rivet sprocket nose.

NEW GUIDE BAR DESIGN

In 2023, the guide bars will continue to transition to the updated modern graphic as seen above.

STIHL ROLLOMATIC® E SUPER

A solid-machined bar made of high-grade steel with the groove milled out and a replaceable sprocket nose assembly riveted in place. The sprocket is incorporated in the replaceable sprocket nose assembly of the bar and carries the saw chain from the top to the bottom of the bar.

STIHL DUROMATIC® E

A rugged bar made from a solid, laser-welded, high-carbon alloy steel bar with induction hardened rails and special hard surface alloy tipping on the nose for extra long life. Made from the highest quality steel and cut by laser for consistent quality, durability and high-wear resistance.

STIHL ROLLOMATIC® ES LIGHT

Long channels are milled out of the center of a solid guide bar, then a thin steel plate is welded over the channels using a special laser welding process to make it up to 30% lighter than the STIHL ROLLOMATIC® E Super guide bar. A replaceable sprocket nose assembly is incorporated in the nose of the bar to increase service life.

STIHL DUROMATIC® C CARVING

TRANSITIONING TO ▼

STIHL CARVING

A high quality guide bar for carving with an updated modern graphic design. Available in 12" length with a solid nose, this unique bar can only be used with 1/4" and 3/8" STIHL PICCO™ saw chains.

FILES & TOOLS

Keep saw chains sharp for fast cutting.

BAR SCABBARDS

STIHL scabbards accommodate a variety of chain saw bar lengths.

STUMP VISE

Makes filing easy. Securely holds chain saw while cutters are filed. Mounts on any stump or log.

FELLING WEDGE

Available sizes include: 5.5", 7.5", 10", 10" (Tri-taper), 12".

12-VOLT PORTABLE CHAIN GRINDER

Features adjustable gauge to achieve proper filing angles. Clips attach to vehicle battery.

REPLACEMENT GRINDING STONES

For 12-volt chain grinder. Sizes available include: 9/64"; 5/32" for 3/8" STIHL PICCO™ Micro™, 3/8" PMN, and 1/4"; 3/16" for .325"; 13/64" for 3/8"; 7/32" for .404"; 1/4" for Depth Gauges; Kool-Grind Grinding Compound.

MEDIUM CHAIN SAW CARRYING CASE

Fits MS 170 to MS 500i.
(Excludes wrap-handle chain saws (R)).

LARGE CHAIN SAW CARRYING CASE

Fits MS 661 MAGNUM® and MS 881 MAGNUM®.
(Excludes wrap-handle chain saws (R)).

ENGINE OILS, PREMIXED FUEL, BAR & CHAIN OIL

Quality fuel specially formulated to keep your STIHL running strong.

HIGH PERFORMANCE 2-CYCLE ENGINE OIL

STIHL High Performance Engine Oil is a high quality 2-cycle oil developed for all STIHL gasoline-powered products and especially suited for professional chain saws.

HP ULTRA 2-CYCLE ENGINE OIL

STIHL HP Ultra is a fully synthetic 2-cycle engine oil specially suited for high-performance chain saws and power tools. The oil has outstanding engine cleaning characteristics, plus “ultra” superior lubricating qualities in comparison to other 2-cycle engine oils. It is also biodegradable, degrading by 80% in 21 days.

STIHL MotoMix®

A patented premixed 50:1 fuel mixture, created with premium 92 octane gasoline and STIHL HP Ultra Oil. MotoMix® doesn't contain ethanol and maintains stability for up to two years after the seal is broken.

STIHL MotoMix® SUMMER BLEND

This 2-cycle premixed fuel is specially designed to help keep your equipment running smoothly when you need to work in high temperatures or at higher elevations where vapor lock is more common.

STIHL Moto4™

Patented STIHL Moto4™ utilizes an ethanol-free formula, allowing the fuel to stay fresh longer – up to two years after the container is opened – than alternative fuel options containing ethanol. Designed for use in 4-stroke products only, with a minimum octane range of 93, to consistently deliver excellent engine performance.

WOODCUTTER BAR AND CHAIN OIL

STIHL Woodcutter Bar and Chain Oil is affordably priced and specially formulated from base oils and additives to provide proper lubrication of chain saw guide bars, saw chains and oil pumps.

BioPlus™ BAR AND CHAIN OIL

STIHL BioPlus™ Bar and Chain Oil is made with a vegetable oil base, making it less harmful to humans, animals, micro-organisms, and plants. Rated by the Coordinating European Council to be 93.8% biodegradable in only 21 days.

PLATINUM BAR AND CHAIN OIL

STIHL Platinum Bar and Chain Oil is formulated to adhere to the bar and chain, and to reduce wear. Special base oil formulation helps keep sap and pitch from clinging to the bar and chain.

STIHL RECOMMENDS A MIX OF 50:1 HIGH-QUALITY 89 OCTANE OR HIGHER UNLEADED GASOLINE TO STIHL ENGINE OIL. THIS SAME MIX RATIO SHOULD BE USED DURING BREAK-IN.

NOTE: STIHL recommends using fuel with no more than 10% ethanol content. Using fuel with greater than 10% ethanol content may cause damage to your equipment and may void your STIHL limited warranty.

IDENTIFYING STIHL SAW CHAIN

STIHL uses a Marketing Number System in addition to the part number. This allows easy identification of any chain. For example, chain with a Marketing Number of 33RS3:

Pitch	Gauge	Type	Shape	Special
3	3	R	S	3
3/8"	.050"	STIHL RAPID™	Super	Single-Humped Drive Link

Pitch
Distance between three rivets divided by two as shown.
1 = 1/4"
2 = .325"
3 = 3/8"
4 = .404"
6 = STIHL PICCO™ (3/8" Extended)
7 = STIHL PICCO™ (1/4" Extended)

Gauge
(Marked on drive link)
1 = .043" (1.1 mm)
3 = .050" (1.3 mm)
5 = .058" (1.5 mm)
6 = .063" (1.6 mm)
0 = .080" (2.0 mm) (0 = Harvester Chain Only)

Cutter Type
P = STIHL PICCO™
R = STIHL RAPID™
Cutter Shape
D = Duro (Carbide Tip)
H = HEXA (Full Chisel)
M = Micro™ (Semi Chisel)
R = Rescue (RDR chain, especially designed for MS 461 R and MS 462 R C-M "Rescue" chain saws)
S = Super (Full Chisel)
Special
1 = Triple-Humped Tie Strap on PM chain
2 = Triple-Humped Tie Strap on RM chain
3 = Single-Humped Drive Link
F = Full Skip
H = Semi Skip (Half-Skip) or Harvester (i.e. on .404" RMH)
K = Classic Cutter Design
L = Square Ground Chisel
M = Mini
MM = Micro Mini
N = Narrow (PMN)
S = Special
X = Ripping Chain

Number of Drive Links in Reels

Type	100' Reel
1/4"	2400
3/8" STIHL PICCO™	1640
.325"	1840
3/8"	1640
.404"	1480

ANSI/OPEI Chain Saw Kickback Standard

STIHL's green and yellow color code system serves to identify STIHL bars and chains with different kickback reduction characteristics. Green (go) marks those products which are designed to reduce the risk of kickback injury and comply with the ANSI B175.1 kickback standard. STIHL's low-kickback chain features a green tie strap that identifies each loop as "low-kickback" chain that meets the ANSI standard. Recommended for both the experienced and inexperienced chain saw user. Yellow (caution) marks products with increased risk of kickback injury. They are for use only by persons with extraordinary cutting needs and experience and specialized training in dealing with kickback conditions.

*Recommended STIHL green-labeled, reduced-kickback bars are not available in the lengths marked with an * in the chart. For such guide bars, STIHL yellow-labeled bars are listed. Please read and follow the yellow warning information that is included on the guide bar package.

**Recommended STIHL green-labeled, low-kickback chains are not available in .404" pitch. For .404" chain, STIHL yellow-labeled chains are listed which have reduced-kickback characteristics as compared to other STIHL yellow-labeled chains. Read and follow the yellow warning information included with these chains. STIHL recommends the use of 3/8" sprockets in combination with STIHL green-labeled, low-kickback saw chain and STIHL green-labeled, reduced-kickback guide bars whenever possible.

*Recommended STIHL green-labeled, reduced-kickback bars are not available in the lengths marked with an * in the chart. For such guide bars, STIHL yellow-labeled bars are listed. Please read and follow the yellow warning information that is included on the guide bar package.

**Recommended STIHL green-labeled, low-kickback chains are not available in .404" pitch. For .404" chain, STIHL yellow-labeled chains are listed which have reduced-kickback characteristics as compared to other STIHL yellow-labeled chains. Read and follow the yellow warning information included with these chains. STIHL recommends the use of 3/8" sprockets in combination with STIHL green-labeled, low-kickback saw chain and STIHL green-labeled, reduced-kickback guide bars whenever possible.

Note: The actual listed guide bar length can vary from the effective cutting length based on which powerhead it is installed on.

**STIHL**

Easy2Start™ SYSTEM

Available on select models, the Easy2Start™ System reduces the strength and effort needed to start the trimmer engine.

PERSONAL PROTECTIVE EQUIPMENT

With a range of glasses, gloves and hearing protection, STIHL has you covered with the gear you need to help keep you protected.

HIGH-TECH POLYMER HOUSING

Lightweight, built to withstand impact and corrosion resistant, the construction of our trimmer housings is a testament to STIHL durability.

THROTTLE TRIGGER INTERLOCK

The throttle trigger interlock on many models is a simple feature that must be depressed before the trigger can be activated.

KEEP YOUR LANDSCAPE IN LINE

It doesn't matter if you're taking on a short stretch of grass lining your sidewalk or an expansive commercial property, when it comes to trimmers and brushcutters, you want a tool that is comfortable and easy to use while delivering the results you expect.

TRIMMERS AND BRUSH CUTTERS

ADJUSTABLE FRONT HANDLE

Designed to provide optimal comfort for a wide range of users, the adjustable front handle can be situated to a user's chosen position.

TRIMMER HEADS & BLADES

Paired with the right cutting head, blade or trimmer line, STIHL trimmers can take on even the most challenging landscaping jobs.

FULLY LINED DRIVE SHAFT

Sleek and streamlined in design, the fully lined drive shaft provides smooth operation with minimized vibration on most models.

HIGH-QUALITY DEFLECTOR

Built to help protect you from flying debris, STIHL offers a selection of deflectors to allow you to find the one that best fits your application.

REAL STIHL. FIND YOURS.

WEEKLY USE AROUND BEDS, DRIVEWAYS, ETC.

Our trimmers are lightweight, powerful and easy to use.

Just start them up and watch as they make quick work of those hard-to-reach areas mowers leave behind.

FS 38

A lightweight, value-priced consumer trimmer with many quality design features, the FS 38 is ideal for the occasional use homeowner.

FS 40 C-E

Lightweight and reliable, the FS 40 C-E trimmer provides balanced operation and is equipped with STIHL Easy2Start™ for effortless starting. Now comes standard with AutoCut® C 6-2.

FSA 45

The FSA 45 delivers STIHL quality at a value price, and features a powerhead that swivels for vertical edging.

*Made in America of U.S. and foreign materials. Batteries and chargers sourced internationally. The FSE 60 is assembled in America. For full specification information for all STIHL trimmers, please refer to page 82.

**FS 50 C-E**

The fuel-efficient FS 50 C-E features the STIHL Easy2Start™ system and has an elongated shaft for taller users.

**FS 56 RC-E**

The fuel-efficient FS 56 RC-E features the STIHL Easy2Start™ system for quick, smooth starts, and has an elongated shaft for taller users. FS 56 C-E bike-handle version available. Now comes standard with AutoCut® C 26-2.

**FSA 57**

Ideal for suburban yards, the lightweight FSA 57 packages the convenience of battery in a value-priced set, with a run time of up to 25 minutes with the AK 10 battery or up to 50 minutes with the AK 20 battery.* Now comes standard with AutoCut® C 3-2.

**FSA 60 R**

With its lightweight design and exceptional performance, the FSA 60 R battery-powered trimmer is the most powerful in the AK System.

**FSE 60**

With an easy squeeze of the trigger, the FSE 60 lightweight corded-electric trimmer is capable of handling small to moderate yard work.

**TIP****TRIMMER LINE STORAGE**

To prolong the shelf life of your STIHL trimmer line, keep the line out of direct sunlight. For best performance, buy fresh trimmer line at the beginning of the growing season.

*Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

LARGER YARDS & LONGER FENCE LINES

Our trimmers are available in various handles and shaft lengths including loop handle and bike handle configurations.

Whether you're tackling your larger yard or longer fence lines, there's a trimmer to meet your unique needs.

FS 70 R

The FS 70 R features a powerful and fuel-efficient engine, making quick work of daily professional landscaping tasks.

FSA 86 R

The FSA 86 R trimmer is capable of delivering strong, consistent performance that is perfect for homeowner and professional tasks.

FSA 90 R

A quiet, battery-powered trimmer, the FSA 90 R features the STIHL exclusive ECOSPEED throttle set wheel for variable-speed control, which can extend battery life.

*Made in America of U.S. and foreign materials.

For full specification information for all STIHL trimmers, please refer to page 82.

FS 91 R

The robust FS 91 R features a low-emission engine and large fuel tank, which provides 30% longer run time than the previous model. FS 91 bike-handle version available.

FS 91 R

“Easy to start & string. Line feeds nicely when stringed properly & has plenty of power.”

★★★★★ - Ron402

Check out this review and others on the product pages at [STIHLusa.com](https://www.stihlusa.com).

FS 94 R

The FS 94 R trimmer delivers one of the best power-to-weight ratios in its class, weighing just over 10 pounds – great for maneuvering around hills and other terrain.

FS 111 RX

The FS 111 RX is the perfect choice for demanding trimming tasks. It saves users time with a simplified three-step start procedure.

FIND

CREATE A BEAUTIFUL SPACE

Transforming your outdoor space into a beautiful escape is simple with the performance of STIHL outdoor power equipment made right here in America.°

REAL STIHL. FIND YOURS.

MADE IN AMERICA®

*Made in America of U.S. and foreign materials. Batteries and chargers sourced internationally.

PROFESSIONAL JOBS & EXTENDED TRIMMING TIMES

Our professional trimmers and brushcutters feature power, fuel efficiency and lasting durability – and they're specially designed for heavy-duty tasks – from controlled trimming jobs to extended trimming applications.

FS 111 R

A fuel-efficient, powerful trimmer, the FS 111 R handles tough jobs and meets emissions requirements. FS 111 bike-handle version available.

FS 131 R

A professional loop-handle trimmer, the FS 131 R delivers incredible performance, long run times and a simplified starting procedure. FS 131 bike-handle version available.

FSA 135 R

The FSA 135 R trimmer delivers professional performance for a wide range of cutting applications, including trimming, cutting and weed clearing. FSA 135 bike-handle version available.

FS 240 R

The heavy-duty FS 240 R combines a rugged design with the versatility needed to handle a variety of challenging clearing situations. FS 240 bike-handle version available.

*Made in America of U.S. and foreign materials.

The FSA 135 and FS 311 units are assembled in America of U.S. and foreign materials. Batteries and chargers sourced internationally.

For full specification information for all STIHL trimmers, please refer to page 82.

FS 311

This rugged bike-handle trimmer is powerful, versatile and designed for all-day professional use.

FS 361 C-EM

The FS 361 C-EM has a low-emission, fuel-efficient engine and features the STIHL M-Tronic™ engine management system.

FS 461 C-EM

The robust FS 461 C-EM delivers professional power and features the STIHL M-Tronic™ system for optimum engine performance.

FS 561 C-EM

The most powerful STIHL brushcutter in its class – the FS 561 C-EM cuts through wild growth, hedges and thickets with ease.

* Trimmers equipped with loop handles.

** 2018 models and newer.

● Approved for use with designated unit as originally equipped.

○ Approved for use with loop handle (R) only if equipped with barrier bar deflector kit and a single or double shoulder harness.

□ Approved for use with bike handle, double harness and limit stop.

¹ Not for use on FS 94 R

² Not for use on FS 100 RX

³ Not for use on FS 80, FS 80 R, FS 90, FS 90 R, FS 110 or FS 110 R

⁴ Not for use on FS 240 or FS 240 R

⁵ Only fits FSA 57 trimmers starting with serial number 9XXXXXXX.

⁶ Only fits FSA 57 trimmers starting with serial number 5XXXXXXX.

⁷ FSA 90 R ONLY – AutoCut® 27-2 part number is 4002 820 2306.

Note: Numbers with "mm" show arbor size. Consult your instruction manual or your authorized STIHL Dealer for approved cutting head/deflector combinations.

Note: Barrier bar and large deflector must be attached when using a metal blade with loop-handle (R) trimmer.

Note: Specifications are as of Oct. 1, 2022. For most recent updates, visit [STIHLusa.com](https://www.stihlusa.com).

IMPORTANT INFORMATION

WARNING: Improper use of any brushcutter trimmer can cause serious or fatal injury. Read, understand and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a bicycle handle and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle (R). Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle, or a loop handle equipped with a barrier bar. To reduce the risk of eye injury, always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

EDGERS

For crisp lines around curbs and walkways.

TIP BEFORE YOU EDGE

If the soil is very dry, spray it with a little water to soften and reduce dust that can limit visibility while edging.

FC 91

The FC 91 is a professional, curved-shaft edger with high blade speed, a low-emission engine and more.

FC 56 C-E

With its fuel-efficient, low-emission engine, the FS 56 C-E edger features the STIHL Easy2Start™ system for almost effortless starting.

FC 96

The professional, straight-shaft FC 96 is powered by a low-emission engine and features a large fuel tank, providing long run time.

FC 70

A professional, curved-shaft edger, the FC 70 blends low emissions with high performance.

FC 111

Bring your “A” game to any landscaping job with the most powerful edger in the STIHL line. The FC 111 gets users to the job faster with its easy three-step starting procedure.

FCA 135

A curved-shaft, battery-powered edger that delivers quiet, professional performance.

FCA 140

A straight-shaft, battery-powered professional edger with high torque for creating a clean-looking landscape.

*Made in America of U.S. and foreign materials.

The FCA 135 and FCA 140 units are assembled in America of U.S. and foreign materials. Batteries and chargers sourced internationally. For full specification information for all STIHL edgers, please refer to page 93.

BED REDEFINER

For maintaining mulch and clean edges around flower beds.

Our dedicated redefiner tool is built to be light and deliver consistent power.

Make quick work of mulch and flower beds, adding sharp edges and clean, beveled trenches.

FB 131

The FB 131 bed redefiner features a line-of-sight indicator for precision and adjustable depth wheel to ensure a consistent cutting depth.

PERSONAL PROTECTIVE EQUIPMENT

From helmet systems and hearing protection to gloves and more, STIHL has the gear you need to help keep you protected.

STARTER LOCKOUT

The trigger lockout switch is a simple safety feature that helps to prevent accidental activation of the trigger.

BUILT-IN HANGER

Select models of STIHL hedge trimmers feature a built-in hanger on the rear handle, allowing for easy storage.

HIGH-TECH POLYMER HOUSING

The body housing is lightweight and will withstand greater impact during operation. The durable design is corrosion resistant and protects the mechanics within.

LARGE FRONT HANDLE

Thanks to the large front handle, our standard STIHL hedge trimmers provide users with the ability to tackle cutting tasks from multiple positions.

REAL STIHL. FIND YOURS.

HEDGE TRIMMERS

DOUBLE-SIDED RECIPROCATING BLADES

Nearly all models of STIHL hedge trimmers feature double-sided reciprocating blades for optimal cutting performance in either direction.

SUPERIOR BALANCE & DESIGN

From standard to extended-reach models, STIHL hedge trimmers are designed to help you get the work done as comfortably as possible.

CUTTING BLADES

STIHL extended-reach hedge trimmers are available in two different styles of cutting blades: fixed or adjustable.

SHAPE UP YOUR LANDSCAPE

With their powerful performance and well-balanced design, STIHL hedge trimmers are built to give you the precision and control you need to bring beauty and shape to your landscape.

SEASONAL TRIMMING & SMALLER SHRUBS

Our hedge trimmers are lightweight, easy to use and designed to make quick work of overgrown shrubs and bushes.

HSA 26

With faster speeds than the previous model, the HSA 26 battery-powered garden shears put an unparalleled level of cutting precision in the palm of your hand.

HSA 45

Part of the AI Line, the HSA 45 offers high cutting speeds in a compact, ergonomic design, and provides up to 40 minutes of run time.*

*Run time may vary based on battery type, charge level and capacity, model, operating style and conditions.

HS 45

Available with an 18" double-sided reciprocating blade, the HS 45 is powered by a dependable STIHL engine to deliver the power needed to cut through shrubbery with ease.

HS 46 C-E

The HS 46 C-E is the lightest gasoline-powered hedge trimmer in the STIHL line and features STIHL Easy2Start™ technology, which makes starting the trimmer nearly effortless.

NEW HSA 50

The HSA 50 battery hedge trimmer features double-sided, droplet-shaped cutters with diamond-ground blades for exceptional performance at an affordable price.

HSE 52

Lightweight, yet durable, the HSE 52 corded-electric hedge trimmer features a 20" double-sided blade that cuts in both directions and a D-shaped handle for easy cutting at various positions.

HSA 56

Part of the AK System, the HSA 56 delivers a high cutting speed of 2,800 strokes per minute and a run time up to 50 minutes with the AK 10 battery.*

The HS 46 C-E is assembled in America of U.S. and foreign materials.
For full specification information for all STIHL hedge trimmers, please refer to page 104.

NUMEROUS HEDGES & SHRUBS

Our well-balanced hedge trimmers feature anti-vibration technology, delivering the cutting power needed to leave behind uniform, professionally groomed hedges and shrubs.

HSA 66

Part of the AP System, the HSA 66 runs on the same universal battery as other AP products and features optimized blade geometry and diamond-ground blades for clean cuts.

HSE 70

Made for clean, quiet cutting, the HSE 70 corded-electric hedge trimmer is lightweight and easy to maneuver and features a long 24" blade to make fast work of larger shrubs.

HS 56

The HS 56 hedge trimmer is the ideal balance of power and portability for professional users and comes with a blade tip guard that helps to keep blades sharper longer.

HS 82

The HS 82 is a win-win for professional landscapers, available in a pruning (R) and trimming (T) version in both 24" and 30" blade length options, offering two ways to tackle trimming tasks.

NEW HSA 60

The HSA 60 is the most powerful battery-powered hedge trimmer in the AK System. Delivers fast cutting speeds of 3,000 strokes per minute and features a rotating handle.

NEW HSA 100

The HSA 100 features a rotating handle for increased user ergonomics, optimized blade geometry and diamond-ground blades for clean cuts.

SIZABLE JOBS & EXTENDED OPERATING TIMES

Our professional line of hedge trimmers are in an entirely different league of performance and dependability. They are made to start fast and cut faster, and offer quality trimming performance.

HS 87

The lightweight and well-balanced HS 87 features a single-sided blade and is available in a pruning (R) and trimming (T) version to tackle overgrown shrubs.

HSA 130

Built with the professional in mind, the HSA 130, available in a pruning (R) and trimming (T) version, features a 24" blade and no onboard battery, shifting the battery weight to the back or hips.

EXTENDED-REACH HEDGE TRIMMERS

Our battery and gasoline-powered extended-reach hedge trimmers are available in fixed and articulating blade options.

Ideal for extra tall and wide shrubs.

HL 56 K (0°)

The fixed-angle HL 56 K (0°) is ideally suited for homeowners and entry-level landscapers to trim hard-to-reach areas.

HLA 56

The battery-powered HLA 56 is perfect for tackling occasional trimming and shaping of hard-to-reach hedges and shrubs, while its quiet operation allows for use in noise-sensitive areas.

HLA 66

The HLA 66, with its 115° articulating head and 20" cutter bar, delivers professional grade performance with the convenience of battery power.

HLA 86

With the ability to telescope an additional 27.6", the HLA 86 gives pros the benefits of battery power with the performance and proven construction of our professional gas-powered equipment.

HL 91 K (0°)

The compact design of the mid-length HL 91 K (0°) provides excellent maneuverability and the innovative ECOSPEED throttle control offers variable speed regulation.

HL 94 K (0°)

The HL 94 K (0°) features a fixed-angle blade and the STIHL exclusive ECOSPEED throttle set wheel for variable speed control, making it a must-have for pros.

**HL 94 K (145°)**

Built with professionals in mind, the HL 94 K (145°) has an articulating blade offering a cutting range of 145°, in 13 locking positions, to precisely trim difficult hedges.

**HL 94 (145°)**

The HL 94 (145°) features 13 cutting head locking positions and ECOSPEED throttle set wheel for variable speed control, making it a must-have for pros.

HLA 135 K (0°)

When precision matters in hard-to-reach places, pros rely on the control and performance of this professional-grade trimmer's 0° fixed-angle cutting head and short shaft design.

HLA 135 K (145°)

For a combination of versatility and control, the short shaft design of this pro-grade hedge trimmer with its articulating 145° cutting head gives users all they need in a durable design.

HLA 135 (145°)

With an articulating 145° cutting head and an extended-reach shaft, this professional-grade hedge trimmer gives pros the reach and range they need to take on a variety of jobs.

**STIHL**

PERSONAL PROTECTIVE EQUIPMENT

With a range of glasses, gloves and hearing protection, STIHL has you covered with the gear you need to help keep you protected.

REDUCED EXHAUST EMISSION ENGINE

Our handheld blowers have a fuel-efficient and low-emission engine, while our battery models eliminate exhaust emissions altogether.

ANTI-VIBRATION SYSTEM

With an anti-vibration system designed to help minimize operator fatigue on select models, STIHL blowers are built for performance and comfort.

HIGH-TECH POLYMER HOUSING

Lightweight, built to withstand impact and corrosion resistant, the construction of our blower housings is a testament to STIHL durability.

CLEAR THE WAY

Designed for efficiency, ease of use and exceptional power, STIHL blowers and shredder vacs deliver the power and performance you need to keep leaves, clippings and other debris under control. From lightweight handheld blowers to powerful backpack blowers, STIHL has a range of models to meet your needs.

BLOWERS AND SHREDDERS VACUUMS

ElastoStart™ HANDLE

Available on select models, the ElastoStart™ handle provides users with a built-in shock absorber for smoother starting.

RANGE OF ATTACHMENTS

From vacuum and gutter cleaning kits to a flat-shaped nozzle for higher air speed, STIHL blowers can help you take on a number of tasks on the job or around the house.

ROUND NOZZLE

The round nozzle is designed for increased air volume and many models come with the ability to adjust nozzle length for operators of different heights to find an optimal position.

SUPERIOR BALANCE & DESIGN

From handheld models to backpack units, STIHL blowers allow you to get the work done as comfortably as possible.

REAL STIHL. FIND YOURS.

WEEKLY USE AROUND BEDS & DRIVEWAYS

We designed our blowers for quick and easy yard cleanup.

Our lightweight blowers are a breeze to use and can power through cluttered yards and walkways without hesitation.

BGA 45

Part of the AI Line, the battery-powered BGA 45 provides the power urban homeowners need at an incredible value.

BG 50

A perfect choice for homeowners seeking premium STIHL quality, the BG 50 boasts the highest power-to-weight ratio in the STIHL gasoline-powered handheld lineup.

BG 56 C-E

The BG 56 C-E is easy to use, features the STIHL Easy2Start™ system and its high-performance engine makes quick work of leaves.

SH 56 C-E

The fuel-efficient SH 56 C-E is a shredder vac/blower with the convenience of the STIHL Easy2Start™ system.

SHA 56

AK

The first shredder vac/blower in the AK System is a versatile tool that delivers the high performance and dependability of two STIHL products in one.

BGA 57

AK

Part of the AK System, the battery-powered BGA 57 blower delivers powerful STIHL performance combined with great control and comfortable operation.

BGE 61

Quiet and easy to use, the BGE 61 is part of a generation of lightweight, powerful corded-electric leaf blowers.

NEW

BGA 60

AK

The most powerful blower in the STIHL AK Battery System, the BGA 60 combines excellent blowing force with a range of features for comfort and convenience.

BGE 71

The BGE 71 is a versatile, two-speed corded-electric blower for high or low speed and noise control.

LARGER AREAS & NUMEROUS TREES

Our hardworking handheld and backpack blowers deliver power, comfort, durability, and no-fuss ease of use to tackle larger yards and jobs.

BG 66 L

Ideal for use in neighborhoods or other noise-sensitive areas, the BG 66 L is quiet, yet powerful.

BGA 86

A powerful, lightweight battery-powered blower, the BGA 86 features 50% more blowing force than the previous model (BGA 85).

BG 86

The BG 86 has earned the title of our most powerful gasoline-powered dedicated handheld blower, designed for landscaping professionals.

BG 86 C-E

The BG 86 C-E is our most powerful gasoline-powered dedicated handheld blower, made even better with STIHL Easy2Start™ technology.

SH 86 C-E

The professional SH 86 C-E easily converts from a shredder vac into a handheld blower and features STIHL Easy2Start™ technology.

BGA 100

The BGA 100 variable-speed throttle trigger features three performance settings plus a boost mode to deliver great blowing power and run time.

BGA 200

High performance in a battery package, the BGA 200 is the most powerful handheld battery-powered blower in the STIHL range.

BR 200

The BR 200 is a lightweight, professional-grade backpack blower for use around the home.

NEW BGA 300

The BGA 300 backpack blower is the most powerful battery blower in the STIHL lineup. It features a patented noise reduction system as well as long run times with little to no maintenance for efficient operation.

PROFESSIONAL JOBS & EXTENDED BLOWING TIMES

Our professional backpack blowers are ergonomically designed to reduce vibration and increase comfort.

Most importantly, they provide reliable power – a necessity when you're using our blowers all day, every day.

BR 350

With a powerful and fuel-efficient gasoline-powered engine, the BR 350 provides rugged power to tackle heavy debris, while delivering exceptional fuel economy.

BR 430

A professional-grade backpack blower with the features pros need to get the job done, the BR 430 provides excellent fuel economy and comfort.

BR 450

A professional 2-stroke backpack blower, the BR 450 has plenty of power to get the job done.

BR 500

Reduce the noise without sacrificing the power; the BR 500 features a powerful, low-emission engine and specially designed muffled blower tube.

BR 600

An all-in-one backpack blower, the BR 600 combines power, fuel efficiency and durability.

BR 700

The BR 700 blower with adjustable tube length is one of the most powerful blowers in the STIHL range and reduces bottom-line costs with its fuel-efficient engine.

BR 700 X

The powerful, professional BR 700 X features a flexible pleated connecting hose and fixed-length lightweight tube.

BR 800 X MAGNUM®

The BR 800 X MAGNUM® offers maximum power in a lighter weight version of the BR 800 C-E MAGNUM® to tackle large properties.

BR 800 C-E MAGNUM®

The most powerful blower in the STIHL line, the BR 800 C-E MAGNUM® features a starting handle on the side of the unit, allowing users to start and restart the engine while wearing the blower on their back.

*Made in America of U.S. and foreign materials.

The BR 430 is assembled in America. For full specification information for all STIHL blowers, please refer to page 114.

SPRAYERS

Landscaping sprayers designed for liquid or granular dispersants.

SG 11

The versatile SG 11 is great for the garden or farm and features a translucent tank for managing liquid levels.

SG 20

The 18-liter SG 20 maintains constant working pressure and is comfortable and lightweight, helping professionals get through the day with less fatigue.

SG 31

The easy-to-use SG 31 is powerful, easily portable and equipped with a 5-liter tank to tackle user's spraying tasks.

SG 51

The SG 51 manual backpack sprayer is a lightweight and versatile tool that combines smart design with functionality, making it dependable and easy to use.

*Made in America of U.S. and foreign materials.

SG 71

The SG 71 manual backpack sprayer gives professionals a versatile and reliable option that leverages smart design with great functionality.

SGA 85

The SGA 85 is the first commercial grade battery-powered sprayer in the STIHL line to deliver a large spraying range to treat large areas.

SR 200

The lightweight SR 200 delivers more power than a manual sprayer and is ideal for small tree farms or vineyards.

SR 430

The powerful, fuel-efficient, liquid-only SR 430 delivers a large spraying range, reducing the time it takes to treat large areas. Comes standard with pressure pump kit.

SR 450

Ideal for distributing liquid or solid compounds, the SR 450 converts from misting to dusting applications without any special tools or additional equipment.

SPRAYER ACCESSORIES

(FOR SR 200, SR 430 AND SR 450)

PRESSURE PUMP KIT:

Provides constant delivery rate and recirculates liquid in holding tank.

LOW VOLUME NOZZLE:

For precise metering of liquids when low flow rates are needed.

TUBE EXTENSION:

Extends spraying tube for additional reach. (Only applicable for the SR 430 and SR 450)

VACUUMS

Our vacuums have what you need to make your cleanups faster, quieter and cleaner than ever.

NEW SEA 20

A5

The SEA 20 battery-powered vacuum and its standard attachments allow cleanup in the tightest spaces.

SE 33

An economic model with the same motor output and suction as the SE 62, the SE 33 corded wet/dry vacuum cleaner gives users great performance at an excellent price point.

SE 62

The rugged and quiet SE 62 is perfect for use around the home or workshop, and can be converted to a blower for additional cleaning tasks.

SE 122

The professional SE 122 can tackle the toughest jobs with its universal wet/dry suction head and foot-activated, height-adjusted head.

PRESSURE WASHERS

Pressure washers designed for convenience and durability to make jobs easier and impeccable.

NEW RE 80

The easy-to-use RE 80 delivers plenty of power for occasional use around the home, and comes standard with multiple nozzles for versatile cleaning applications.

NEW RE 90 PLUS

The RE 90 PLUS provides plenty of power for use around the home, and comes with an integrated pressurized hose reel that allows homeowners to use its 23' high-quality hose to work around any object.

NEW RE 100 PLUS CONTROL

Powerful pressure washer for homeowners features a 3-in-1 spray nozzle, three power settings on a handy control panel, and an integrated detergent tank so you don't have to switch nozzles for the detergent setting.

RE 110 PLUS

With an integrated pressurized hose reel that allows homeowners to easily wind and unwind its 23' high-quality hose, the RE 110 PLUS corded-electric pressure washer delivers 2,000 psi water pressure for powerful cleaning from its brushless electric motor.

RE SERIES PRESSURE WASHER ACCESSORIES

ROTARY SURFACE CLEANER
4910 500 3911

Quick and easy cleanup for large, flat surfaces. Ideal for delivering a thorough cleaning to driveways, decks, sidewalks, and more.

ROTARY WASHING BRUSH
4910 500 5910

With its rotating inner brush and adjustable working angle, the Rotary Washing Brush is ideal for cleaning vehicles, boats, recreational vehicles, outdoor furniture, and other exterior surfaces.

23' EXTENSION HOSE
4910 500 0801

High-pressure hose is easy to coil and resists tangling. It can be used as a replacement or extension hose.

FOAM NOZZLE
4910 500 9600

Designed to spray pressure washer detergents into a rich lathery foam allowing it to cling to vertical and horizontal surfaces.

SPRAY LANCE EXTENSION
4190 500 0900

Gives you an additional 16" of reach, allowing you to take on more jobs and keep things even cleaner.

CURVED SPRAY LANCE
4910 500 1910

Offers a longer shaft, giving you access to hard-to-reach places like the under-body of wheel arches.

VEHICLE CLEANING KIT
4910 500 6111

Consisting of a wash brush, 90° angled nozzle and flat-jet nozzle, the cleaning kit is designed for cleaning automobiles, boats, recreational vehicles, and more.

HOSE CASSETTE
4910 500 8601

Built to connect the high-pressure cleaner to the water faucet, the Hose Cassette can also be used as a regular garden hose.

HOSE CASSETTE BRACKET*
4950 790 5400

This mounting bracket allows for easy installation of the hose cassette onto the back of the RE 110 PLUS.

*Only for use with the RE 110 PLUS.

RB SERIES PRESSURE WASHER ACCESSORIES

ROTATING NOZZLE 3000 PSI

Rotating zero-degree nozzle for aggressive cleaning of stubborn stains.

ROTATING NOZZLE 5100 PSI

Rotating zero-degree nozzle for aggressive cleaning of stubborn stains.

MULTI-FUNCTION NOZZLE

Features six spray patterns: 0°, 15°, 25°, 40°, soap and rinse all in one nozzle.

LONG-RANGE DETERGENT NOZZLE

Apply detergent to hard-to-reach areas.

ROTARY SURFACE CLEANER

Quick and easy cleanup for large surfaces. Ideal for sidewalks and driveways.

Tip: Follow up with the water broom for quick cleanup.

GUTTER CLEANER

Gutter cleaner allows you to clean the inside of a gutter from the ground.

WATER BROOM

Wash large surfaces like decks, sidewalks and driveways quickly.

PIVOT COUPLER

Adjusts to three different angles for hard-to-reach areas.

ALUMINUM 48" SPRAY LANCE EXTENSION

Add an extra 4' of reach with this lightweight aluminum spray lance.

25' HIGH-PRESSURE HOSE EXTENSION

Ultra-flexible high-pressure hose is easy to coil and resists tangling and kinking. It can be used as a replacement or extension hose.

50' HIGH-PRESSURE HOSE EXTENSION

Steel-braided high-pressure hose can be used as a replacement or as an extension hose.

*Not for use with
KM 56 RC-E.

KM 56 RC-E

The versatile KM 56 RC-E features a powerful and low-emission STIHL engine and the STIHL Easy2Start™ system makes starting almost effortless.

KM 91 R

The professional KM 91 R provides landscapers professional performance and offers simplified starting with its semi-automatic choke lever.

KM 94 R

The professional KM 94 R features the innovative ECOSPEED throttle set wheel, allowing the user to set the most effective throttle speed for a particular job and attachment.

KM 111 R

The KM 111 R features a powerful, low-emission engine and offers simplified starting with its semi-automatic choke lever.

KM 131 R

The most powerful KombiMotor in the STIHL range, the KM 131 R has 33% more engine power than the KM 111 R.

KMA 135 R

Maximize your productivity with the versatile KMA 135 R, a battery-powered KombiMotor that delivers professional performance to rival its gas-powered counterpart.

KOMBI ATTACHMENTS

HL-KM 0° STRAIGHT HEDGE TRIMMER

Tackle hard-to-reach hedges with the efficient, fixed-angle 0° attachment.

Optional HT/HL CFK shaft extension available.

HL-KM 145° ADJUSTABLE HEDGE TRIMMER

Features an adjustable 145° working range, allowing cuts at different angles. Available in 20" or 24" blade.

Optional HT/HL CFK shaft extension available.

FH-KM 145° ADJUSTABLE POWER SCYTHER

Ideal for precise weed and grass trimming and features a 145° working range.

RG-KM RECIPROCATOR

Reciprocating action of the blades may reduce the risk of thrown objects while working. Ideal for use in high-traffic areas, and around golf course bunkers, ponds, lakes, and ditch banks.

Not for use with KM 56 RC-E.

FSB-KM CURVED SHAFT TRIMMER

Designed for greater user comfort and control for trimming around yards.

Not for use with KM 131 R or KMA 135 R.

FS-KM BRUSHCUTTER WITH 4-TOOTH GRASS BLADE

Features a 4-tooth cutting blade for weeds and thick, tough grass.

FCB-KM CURVED LAWN EDGER

Features an adjustable depth-control wheel for edging along walkways and planting beds.

**FCS-KM****STRAIGHT LAWN EDGER**

Features an open deflector design for cleaning up edges with more power.

**BF-KM****MINI-CULTIVATOR**

Ideal for flower bed rejuvenation and mixing amendments into the soil.

**KW-KM****STIHL POWERSWEEP™**

Heavy-duty rubber flaps clean up caked dirt on concrete, move pebbles and sand from turf, and water and light snow from hard, flat surfaces.

**BG-KM****BLOWER**

Delivers the power needed for quick debris removal for outdoor cleanup projects.

**FBD-KM****BED REDEFINER**

Gives bed edges a professional, manicured finish.

Not for use with KM 56 RC-E.

**HT-KM****POLE PRUNER**

Makes quick work of pruning trees and shrubs.

Optional HT/HL CFK shaft extension available. Available with 10" or 12" bar.

**KB-KM****BRISTLE BRUSH**

Wide sweeping surface makes quick work of big sweeping jobs.

**FS-KM****LINE HEAD TRIMMER**

Delivers great maneuverability for trimming around landscape obstacles.

**HT/KM****SHAFT EXTENSION**

When tall branches and shrubs are out of reach, this shaft extension lengthens the reach of your pole pruner attachment.

**HT/HL-KM CFK****SHAFT EXTENSION**

A 37" carbon-fiber shaft extension for HT and HL applications. Extremely lightweight - less than 2 lbs.

YARD BOSS®

When you need to
multi-task in the garden.

MM 56 C-E YARD BOSS®

“Great machine...so easy to use. Very happy with the purchase...can’t wait to get additional attachments for it.”

★★★★★ - Sallyc

Check out this review and others on the product pages at STIHLusa.com.

MM 56 C-E YARD BOSS®

The MM 56 C-E YARD BOSS® is an easy-to-use, multi-tasking tool equipped to meet specific property needs. It comes standard as a cultivator and easily transitions to any of its eight optional attachments.

*Made in America of U.S. and foreign materials.
Attachments and accessories sourced internationally.

YARD BOSS® ATTACHMENTS

RL-MM

LAWN AERATOR

Rotating tines are designed to promote water absorption and root health.

BK-MM

BOLO TINES CULTIVATOR

Cultivate deeper into the soil to prepare for planting.

KB-MM

BRISTLE BRUSH

Make quick work of sweeping jobs on walkways and other paved surfaces.

Note: This attachment must be used with large deflector and extensions. Do not use on grass lawns.

FS-MM

TRIMMER

Trim around the yard and tackle heavy weeds and tough growth.

Note: The FS-MM must be used with MM Wheel Kit.

FC-MM

BED EDGER

Cut defined edges and separate the grass from the planting area.

MF-MM

LAWN DETHATCHER

Remove dead grass and other material from the top of the lawn.

Note: This attachment must be used with large deflector and extensions.

KW-MM

STIHL POWERSWEEP™

Heavy-duty rubber flaps clean up caked dirt on concrete, move pebbles and sand from turf and water and light snow from hard, flat surfaces.

Note: This attachment must be used with large deflector and extensions.

BF-MM

PICK TINES CULTIVATOR

Break up weeds and hardened soil in the garden.

OPTIONAL ACCESSORIES

MM WEIGHT KIT

Provides additional weight for optimized attachment performance.

MM DEPTH GAUGE

Allows for variable working depths when using cultivator attachments.

MM WHEEL KIT

Delivers improved handling, transport and maneuverability with most attachments.

REAL STIHL. FIND YOURS.

LAWN MOWERS

STIHL remains on the cutting edge of lawn care innovation with a versatile range of lawn mowers to suit your needs.

ZERO-TURN LAWN MOWERS

Built with trusted STIHL quality and superior engineering, the zero-turn lawn mowers are ready to take your lawn to the next level.

ZERO

JOIN THE PURSUIT

WITH STIHL CUTTING POWER

A smooth ride. Reliable performance. The perfect cut. Whatever it is you're after, all-new zero-turn mowers from STIHL are here to help you in your pursuit. From cutting-edge STIHL innovation to durable construction, our full line of STIHL zero-turn mowers gives homeowners and pros the performance and precision they expect from STIHL with the power and reliability they demand. If you're ready to cut a new path forward, then we invite you to come along for the ride.

O TURN

ADVANCED SUSPENSION

One of the premiere innovations of the professional line of STIHL zero-turn mowers is the advanced four-wheel suspension system with its mowing deck height compensation, allowing for a consistent cut and a smooth, stable ride.

ROBOTIC MOWERS BY STIHL.

Perfect lawn, and more time
to enjoy your yard.

YOUR STIHL iMOW® DEALER PERFORMS THE INSTALLATION.

No one knows your iMOW® better than an authorized STIHL iMOW® robotic lawn mower dealer. They can give you the personal advice and professional installation you need, right from the start. From installation to maintenance, repairs and annual service, your STIHL iMOW® Dealer is your main resource for all your robotic mower needs.

STEP 1:

Your STIHL iMOW® Dealer makes a layout of the area to be mowed according to your instructions.

STEP 2:

Your STIHL iMOW® Dealer lays the perimeter wire...

STEP 3:

...and puts the docking station in position.

STEP 4:

Your STIHL iMOW® Dealer reviews the programming and sets the mowing plan with you to make any necessary adjustments.

WALK-BEHIND LAWN MOWERS

Battery-powered lawn mowers designed to cut your grass – and your carbon emissions – down to size.

RMA 460

Part of the AK System, the RMA 460 walk-behind push lawn mower features a 19" deck and 15.85-gallon grass catcher, making it a great option for small yards.

RMA 460 V

The RMA 460 V is ideal for small, suburban yards, providing users with the ease and convenience of self propulsion.

TIP MOW OFTEN

When you mow your lawn often, you're promoting a lush, more uniform lawn. Ideally, you should remove no more than a third of the grass length with each mowing. This will result in smaller-sized clippings, which act as a natural fertilizer for your lawn.

RMA 510

The RMA 510 walk-behind push lawn mower is part of the AP System and features a 21" deck, giving homeowners the performance of a gasoline-powered mower.

RMA 510 V

The RMA 510 V provides all the features and benefits of the RMA 510 with the added benefit of self propulsion.

REIMAGINE THE GREAT AMERICAN OUTDOORS

When you create a space you never want to leave, it's time to take your favorite indoor activities outside.

REAL STIHL. FIND YOURS.

PRUNING SAWS, POLE PRUNERS & SAWS

For clean and smooth cuts by hand.

PS 10 FOLDING SAW

Portable pruning saw features a 6" chrome-plated blade to cut branches up to 2" in diameter.

PS 30 FOLDING SAW

A curved 7" tapered ground blade provides precision cutting for branches 2" in diameter.

PS 40 PRUNING SAW

This 7" fixed blade with impulse-hardened teeth can cut dense or frozen branches up to 2.5" in diameter.

PS 60 PRUNING SAW

Impulse-hardened blade teeth require less frequent sharpening and can tackle limbs up to 3" in diameter.

PS 70 ARBORICULTURE SAW

The 13" chemical-nickel blade makes this saw ideal for branches up to 4" in diameter.

PS 75 ARBORICULTURE SAW

This 13" saw works as a versatile attachment on the PP 600, 800 or 900 telescoping pole pruner.

PS 80 ARBORICULTURE SAW

The 16" nickel-plated blade makes this saw the ultimate attachment for the PP 600 or PP 800 pole pruner.

PS 90 ARBORICULTURE SAW

A 13" fixed-blade arboriculture saw for branches up to 4" in diameter.

SHARPENING FILE

Equipped to return your pruning saws to near-factory condition.

HAND PRUNERS, LOPPERS & HAND SHEARS

For precise cutting performance.

Pruners work best when sized to fit the user's hand. Use these symbols in selecting the best pruner to meet your needs.

PP 10
HAND PRUNER

A lightweight, dependable hand pruner designed to tackle most pruning jobs.

PP 30
HAND PRUNER

Designed for smaller hands, a PVC-coated handle delivers the right grip for cutting twigs, vines and stems.

PRUNER, AXE AND TOOL SHARPENER

With a tungsten carbide blade and a high-impact nylon handle, this tool sharpens all STIHL Precision Series™ hand pruners, loppers, axes, and hatchets.

PP 40
HAND PRUNER

Ideal for thicker twigs and stems, featuring a longer, wider blade that resists sap and can be re-sharpened.

PP 60
HAND PRUNER

A high-quality hand pruner made exclusively for smaller hands and designed to tackle tough cutting jobs.

PP 70
HAND PRUNER

Strong, yet precise, this hand pruner can handle anything from fine pruning tasks to twigs up to 0.8".

PP 80
HAND PRUNER

Made for large hands, featuring a longer handle for comfort and improved grip, with a 1" cutting capacity.

LEATHER SHEATH

Fits all hand pruners. Has belt clip and belt slots.

PL 5 LOPPER

Strong, lightweight lopper with tubular steel handles and contoured grips for comfortable use.

PL 10 LOPPER

Light and portable 24" lopper with a specially curved cutting head for vines and branches up to 1.25".

PL 30 LOPPER

A medium-sized lopper with a specialized cutting head for tree pruning jobs up to 2" in diameter.

PL 40 LOPPER

Large, 32" aircraft aluminum handles provide pruning leverage for higher tree branches.

AXES & FORESTRY TOOLS

There is a right axe for your cutting task.

LOG STAND

Connects to a cant hook or log peavey for easy elevation while cutting.

TWISTED SPLITTING WEDGE

A 45° angle provides precision and leverage for splitting logs and firewood.

CANT HOOK

Features a heavy-duty body designed to grip and move logs in a wide range of sizes.

LOG PEAVEY

Ideal for turning heavy logs and features a steel spike for greater control over movement.

HOOKAROON

Features a non-slip grip and curved spike to firmly grab wood and drag with ease.

LOG CARRIER

Hinged hooks firmly grip large logs for easy transport.

WOODCUTTER HATCHET

Lightweight hatchet featuring a high-quality ash handle for comfort and durability.

WOODCUTTER UNIVERSAL FORESTRY AXE

A well-balanced head and premium ash handle – excellent for felling and light-duty splitting.

WOODCUTTER SPLITTING MAUL

A durable drop-forged steel head and precision-ground edge – ideal for driving wedges or splitting large logs.

PRO SPLITTING HATCHET

Premium ash handle, oversized neck and fine-tuned balance – ideal for creating kindling and general use.

PRO SPLITTING AXE

A lightweight axe with a premium American hickory wood handle and durable German-forged head.

PRO SPLITTING MAUL

An extra-large striking face designed to reduce misses and improve splitting performance.

PRO UNIVERSAL FORESTRY AXE

A 5-piece head attachment system and a C60 steel head – ideal for felling and limbing.

*Made in America of U.S. and foreign materials.

The BT 131 is assembled in America. Accessories sourced internationally.

BT 45 WOOD BORING DRILL

This portable, lightweight and gasoline-powered drill is ideal for occasional use in building or repairing bulkheads, fences or retaining walls.

Note: Augers and bits sold separately.

BT 45 EARTH AUGER DRILL

Ideal for mass flower plantings or deep root fertilization, the compact BT 45 earth auger drill helps users work through large amounts of soil quickly with less fatigue.

BT 45 with core drill adapter and water tank shown.

Note: The BT 45 planting auger is not for rocky, compacted soil or drilling large post holes.

Note: Augers and bits sold separately.

STIHL Cutquik[®] CUT-OFF MACHINES

Diverse construction job site solutions from the number one selling brand of gasoline-powered cut-off machines worldwide.

9" Wheel

TSA 230 STIHL Cutquik®

Lightweight and easy to start, the TSA 230 is the world's first battery-powered cut-off machine, great to use outdoors or indoors for cutting brick, tile and metal.

12" Wheel

TS 410 STIHL Cutquik®

The TS 410 features a 12" cutting wheel, while the X2 air filtration and anti-vibration system make this cut-off machine easy to use and maintain.

14" Wheel

TS 500i STIHL Cutquik®

The TS 500i boasts the world's first electronically controlled fuel-injection system in a cut-off machine that increases power and performance while remaining lightweight and well-balanced.

14" Wheel

TS 700 STIHL Cutquik®

A powerhouse designed for superior handling during the toughest jobs, the TS 700 features a powerful, high-speed engine, large fuel capacity and five-point dual element vibration control system.

14" Wheel

TS 420 STIHL Cutquik®

Compact, lightweight and reliable, the TS 420 features all the high-performance features of the TS 410 with the added benefit of a 14" cutting wheel.

14" Wheel

TS 440 STIHL Cutquik®

The TS 440 has expanded guard adjustability made possible by the STIHL Quickstop® Wheel Brake, which is designed to reduce the risk of injury from kickback when the guard has been adjusted to expose the top portion of the wheel.

16" Wheel

TS 800 STIHL Cutquik®

The TS 800 features a 16" cutting wheel, the largest size we offer in a handheld design, and a magnesium guard makes the machine a full 0.7 lbs. lighter than the previous model.

IMPORTANT INFORMATION

WARNING: Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using these products.

For full specification information for all STIHL Cutquik® Cut-Off Machines, please refer to page 154.

STIHL Cutquik® CART

Specially designed for matched cutting performance with the TS 410, TS 420, TS 500i, TS 700, and TS 800. This cart offers improved handling and cutting performance and features forward-weight orientation.

See your STIHL Dealer for more information.

Note: The base cart can be used with all current TS models (except TS 440) with use of different mounting kits. Base cart requires assembly and mounting kit must be purchased separately. Photo shows cart with optional equipment.

IMPORTANT INFORMATION

WARNING: Improper use of any power tool may cause serious or fatal injury. Read, understand and follow carefully the operating and safety instructions in your instruction manual before using these products.

STIHL Cutquik® ACCESSORIES

TS WHEEL KIT

Provides easier operation for certain applications.

Not available for TSA 230.

PRESSURIZED WATER TANK

Provides water flow for wet cutting when pressurized hose is not available.

Not for use with GS 461 STIHL ROCK BOSS®.

CONCRETE CUTTER

Building on our reputation for creating innovative construction equipment, our concrete cutter packs the power needed to cut deep into tough job site materials.

GS 461 STIHL ROCK BOSS®

The first of its kind from STIHL, the GS 461 is a powerful concrete cutter designed for deep cutting and square corners – perfect for construction and renovation projects.

STIHL ROLLOMATIC® G GUIDE BAR

The STIHL ROLLOMATIC® G is a guide bar that is designed for the professional application of concrete and stone cutting. The bar requires no bar oil – it uses water and features internal water channels that are directed toward the cutting area. This delivers optimal cooling and debris flushing of the chain and sprocket nose. The bar also features an additional tensioning hole to further increase chain tensioner travel.

Available in 12, 16 and 18 inches.

NEW 36 GGM DUCTILE IRON DIAMOND CHAIN & BAR

Diamond abrasive chain designed exclusively for the GS 461 STIHL ROCK BOSS® for use with 18" STIHL ROLLOMATIC® guide bar – designed for wet-only cutting of up to 17.7 inches.

36 GGM - GENERAL PURPOSE DUCTILE IRON CHAIN

Diamond abrasive chain made exclusively for the GS 461 STIHL ROCK BOSS® for use with 16" STIHL ROLLOMATIC® guide bar for the cutting of ductile cast iron pipes.

36 GBM - GENERAL PURPOSE DIAMOND ABRASIVE CHAIN

Diamond abrasive chain made exclusively for the GS 461 STIHL ROCK BOSS® and STIHL ROLLOMATIC® guide bar.

NEW 36 GBE - ECONOMY/RENTAL DIAMOND ABRASIVE CHAIN

Features pre-sharpened diamond segments on every other link, providing high cutting speed in concrete and stone materials. Great for short-term projects that require precise cutting through tough materials.

RUBBER BUMPER

Rubber bumper in the front of the engine housing helps protect the unit in the cut.

HOSE NOZZLE

Quick-connect hose nozzle allows quick access to water hose.

UPRIGHT FILLER CAP

Designed for upright fueling. Keeps dust out.

HD2 FILTER SYSTEM

Long-life, heavy-duty (HD2), pleated air filter and a secondary filter that are easy to get on and off.

DECOMPRESSION VALVE

Helps reduce the effort needed to pull the starter rope.

REAL STIHL. FIND YOURS.

PROTECTIVE APPAREL & ACCESSORIES

Whether you use STIHL on the job or around the home, we've got you covered. STIHL offers a full line of personal protective equipment (PPE) and workwear that works as hard as you do.

CHAIN SAW PROTECTIVE APPAREL

From lightweight open-back apron chaps to winter protective pants, we offer a complete line of chain saw protective apparel.

Our chaps are made with multiple layers of Avertic® Pro by Engtex®, a cut-retardant material designed to clog up the sprocket to stop the chain on a gasoline-powered chain saw.

FUNCTION ZIP CHAPS

Full wrap-around, lightweight protective chaps.

FUNCTION APRON CHAPS

Protective, open chaps made from rugged, 400-denier nylon.

With Foreign and Domestic Materials

WARNING FOR CORDED-ELECTRIC AND BATTERY CHAIN SAW USERS!

The fibers may not stop the sprocket on most corded-electric chain saws and some battery-powered chain saws because of the constant high torque. However, to reduce the severity of injury from accidental contact with the chain, STIHL recommends that leg protection be worn when operating these types of chain saws.

IMPORTANT INFORMATION

All STIHL chain saw leg protection meets or exceeds OSHA Regulation 1910.266 for Personal Protective Equipment for chain saw operators.

Note: Chaps are measured by overall length from the waist down. All chaps have a tough outer shell of oil/water-resistant nylon treated with rain/stain repellent.

FUNCTION DENIM PROTECTIVE PANTS

Protective work pants in dark navy.

DYNAMIC ZIP CHAPS

All-weather, full wrap-around chaps with heavy-duty zippers along the inseam for quick on and off.

DYNAMIC WINTER PROTECTIVE PANTS

Insulated protective pants designed for use in cold climates.

DYNAMIC PROTECTIVE PANTS

Pants feature nylon/spandex outer shell for stretch and durability. Designed for loggers and users on the ground.

DYNAMIC BIB CHAPS

Open back apron chap design, featuring a bib with multiple pockets.

DYNAMIC HI-VIS APRON CHAPS

High-visibility chaps specially designed for work by emergency service personnel, tree service personnel and municipalities.

DYNAMIC APRON CHAPS

Apron-style chaps featuring full Avertic® Pro by Engtex® cut-retardant material.

DYNAMIC WRAP CHAPS

Rugged wrap chaps feature an adjustable waistband, additional protection around the lower leg, and a cargo pocket for additional storage.

SKIDDER BIB CHAPS

Ideal for those working with skidders and other heavy-duty logging equipment.

Pro Mark™ WRAP CHAPS

Orange chaps that extend fully around the lower leg for extra protection and feature reflective accents.

Pro Mark™ HI-VIS ZIP CHAPS

High-visibility chaps specially designed for work by emergency service personnel, tree service members and municipalities.

Pro Mark™ APRON CHAPS

Open-back design, featuring reinforced knees, reflective accents and pockets to keep things close. Available in orange or navy.

NEW STIHL TIMBERSPORTS® APRON CHAPS

Help keep chain saw operators safe and comfortable with nine layers of AVERTIC® PRO protective material and a durable, heavy-duty nylon outer shell.

Pro Mark™ SUMMER SHIRT

Made of breathable and moisture-wicking fabric, this protective shirt is designed to keep you comfortable and protected.

ADVANCE ARBORIST JACKET

This flexible, lightweight jacket features SuperFabric® abrasion-resistant elbows and lower arms and front chain saw protection.

ADVANCE ARBORIST PANTS

Protective pants feature SuperFabric® abrasion resistant lower leg area, added flexibility, storage, and venting.

ADVANCE APRON CHAPS

Protective apron chaps designed for professional chain saw user working on the ground.

APPAREL ACCESSORIES

- Replacement Waist Buckle for Chaps - 1.5"
- Replacement Leg Buckle for Chaps - 1"
- Waist Extender for Chaps - 12"

WARNING FOR CORDED-ELECTRIC AND BATTERY CHAIN SAW USERS!

The fibers may not stop the sprocket on most corded-electric chain saws and some battery-powered chain saws because of the constant high torque. However, to reduce the severity of injury from accidental contact with the chain, STIHL recommends that leg protection be worn when operating these types of chain saws.

Pro Mark™ CHAIN SAW PROTECTIVE GLOVES

Cut-retardant gloves made with Velcro wrist closure, full-grain tanned leather palms and inner fingers provide grip.

DYNAMIC FORESTRY BOOTS

High-quality, cut-resistant work boots with arch support and climate system for air circulation.

See chart on page 174 for available sizes.

Pro Mark™ CHAIN SAW BOOTS

High-quality, water-resistant boots with chain saw protective materials and removable orthopedic insoles.

FUNCTION

Protective Apparel

is ideal for paired use with any of your Homeowner STIHL products. While designed for the occasional user, it still meets and exceeds the standards required for PPE.

DYNAMIC

Protective Apparel

is designed for paired use with Farm & Ranch STIHL products. This line of PPE is ideal for users focusing on both personal and work-related tasks.

Pro Mark™

Protective Apparel

is best paired with Professional STIHL products. This line of personal protective apparel is designed for professional users during daily or frequent work.

ProMark™

ADVANCE

Protective Apparel

is designed for paired use with Professional and/or Arborist STIHL products. This line of personal protective apparel is designed for professional users during daily or frequent work.

**STIHL CHAPS
WILL WORK
AS HARD AS
YOU DO**

The **STIHL CHAPS GUIDE** will help you choose the ideal pair of chaps for your intended use - the correct fit, which to wear based on the weather, as well as proper care.

SCAN WITH YOUR SMART PHONE »

IMPORTANT INFORMATION

WARNING: These garments contain pads of cut-retardant material designed to reduce the risk or severity of injury to the body parts covered by the pads in the event of contact with the rotating chain. The fibers in the pads provide extra layers of material and are designed to rip apart when they come into contact with the moving chain and to clog the sprocket and stop the chain. In some contacts, the pads may stop the chain. In other contacts, the pads will resist the cutting process only for a fraction of a second. The actual degree of protection afforded will vary with the speed of the chain and the time of contact, the power and torque of the saw, the design of the chain saw sprocket, and similar factors. Follow the washing instructions. Improper care may destroy cut-retardant properties of the material.

NON-PROTECTIVE WORK APPAREL & ACCESSORIES

Designed to keep you visible and comfortable while on the job, our work apparel includes features like easy-fitting styles, high-visibility reflective properties, temperature-regulating materials, and convenient pockets to store the extras.

SHOP APRON

Apron hides grease and grime, and features pockets on the chest and the pouch for easily accessible storage.

CHAPRON

Chapron is made from a tough, nylon outer shell and designed for trimmer and brushcutter users.

REFLECTIVE SAFETY VEST

Reflective Safety Vest meets the standard for use along roadways and other high-traffic areas.

FUNCTION WORK SHIRT

Comfortable work shirt made from a twill-weave fabric for durability and natural resistance against wind, water and wrinkles. Available in orange and orange/denim.

FUNCTION WINTER SHIRT

Water-resistant nylon shirt with a layer of breathable Thinsulate® that retains body heat while allowing water vapor to escape.

PROTECTIVE HEAD & EAR GEAR

Quality hearing protection from STIHL is designed to match the level of protection required for the job.

MESH VISOR KIT

A steel mesh visor that allows for airflow and fits with many STIHL hearing protectors.

**POLYCARBONATE
VISOR KIT**

A clear face shield that works with a range of STIHL hearing protectors.

FUNCTION-BASIC HELMET SYSTEM

Comfortable helmet system with a six-point mount suspension and vented shell that provides cooling air during use.

FORESTRY HELMET SYSTEM

Hard-shell helmet system features a Cool Guard sweatband, built-in rain gutter and adjustable hearing protectors.

Pro Mark™ HELMET SYSTEM

Quality helmet system with premium features, including a vented helmet shell and six-point, ratchet-style suspension to absorb shock.

ADVANCE X-VENT BLUETOOTH® HELMET SYSTEM

Allows users to make phone calls or stream their choice of sound entertainment without ever needing to remove hearing protection.

ADVANCE X-VENT HELMET SYSTEM

Advanced technology helmet system with a six-point suspension headband and large face shield.

ARBORIST HELMET

Lightweight helmet designed specifically for arborists and features an ABS thermoplastic outer shell.

CONSTRUCTION HARD HAT SYSTEM

Durable hard hat with an ABS thermoplastic outer shell and a clear PETG full-face shield.

PERSONAL PROTECTIVE EQUIPMENT KIT

Packed into an easy-to-store STIHL duffel bag, this money-saving kit includes everything needed to help you safely get to work. Each kit includes a FUNCTION BASIC helmet, 36" black 6-layer chaps, protective glasses, work gloves, and duffel bag with STIHL logo.

Pro Mark™ PERSONAL PROTECTIVE EQUIPMENT KIT

Packed into a durable black nylon duffel bag, this money-saving kit includes items needed to help you safely get to work. Each kit includes an orange STIHL Pro Mark™ helmet system, orange 9-layer apron chaps, protective glasses, and work gloves.

*STIHL KASK Arborist Helmet system and clear visor are sold separately.

Note: Goggles or protective glasses meeting ANSI Standard Z87.1 must be worn under face screen and shield for primary eye protection.

EYE PROTECTION

Featuring diverse frame designs and color, our glasses offer 99% UV protection and are made from optical-grade polycarbonate for impact resistance.

All STIHL protective glasses meet the ANSI Z87.1 standard.

STIHL TIMBERSPORTS® SERIES GLOVES

“These are the most comfortable work gloves I have worn. I have used these gloves in a variety of scenarios; trimming, hauling brush, mowing...and these gloves just go right along.”

★★★★★ - Christian74

Additional information regarding the STIHL Limited Warranty policy is available
at www.STIHLusa.com/warranty.html.

The 2-Year Limited Warranty Coverage

For commercial users on STIHL lawn care equipment and other selected power tools for commercial users, the 2-Year Limited Warranty is in addition to STIHL's industry-leading, extended warranty coverage for the drive shaft. You can depend on your STIHL equipment to work as hard as you do, and for STIHL to stand behind its equipment. See your STIHL Dealer for details.

When you purchase either STIHL HP Ultra Oil (six bottles) or STIHL MotoMix® Patented Premixed Fuel (one gallon minimum)

Double limited warranty protection applies to select STIHL gasoline-powered products purchased for personal non-income producing, household purposes only. Other restrictions apply. See dealer for details or refer to STIHL's Limited Warranty Policy at www.STIHLusa.com.

All STIHL products are warranted for 3 months when product is used for rental purposes.

All STIHL model PA axes, PH hedge shears, PL loppers, PP pruners, and PS pruning saws are warranted to the original consumer for as long as the appropriate spare part or product continues to be available from STIHL. Products used for rental use are excluded.

STIHL products sold through U.S. retailers are for distribution in the United States only.

Get the Official STIHL App

Your mobile device is about to get even more powerful. The official STIHL App puts a wide range of STIHL resources at your fingertips. Find products, find STIHL Dealers and connect to the STIHL community. Already a STIHL owner? Enjoy quick access to product manuals, how-to articles and videos. Available in the iTunes App Store™ and Google Play.™

NOTE: STIHL recommends using fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL limited warranty.
